To Whom It May Concern,

I am pleased to write this letter of recommendation for Seraphim Wood, who is our Special Projects Coordinator with AFLAC.

Here at The Cornea and Laser Eye Institute, we have offered AFLAC to employees throughout the years but have never had so many staff members sign up for it until Seraphim Woods became our representative. Seraphim contacted our office in January 2017 and since then, has made himself available either in person or via phone/e-mail whenever needed.

If you are a company considering Aflac for your employees, I would highly recommend Seraphim. He is knowledgeable, personable and efficient in answering any questions/concerns.

Kind Regards

Stacey Lazar  
General Manager  
The Cornea and Laser Eye Institute, P.A.
