To Whom It May Concern,

It is with great confidence and appreciation that we provide this testimonial for **Seraphim Wood**, who has been the dedicated Aflac representative for **LMC-HB Corp** for many years.

As an architectural metalwork company with a diverse and hardworking team, we value partners who are knowledgeable, reliable, and responsive—and Seraphim has consistently exemplified all of these qualities. He has worked closely with our team to provide personalized support and guidance regarding supplemental insurance options, always ensuring that our employees understand their benefits and feel comfortable making informed decisions.

What truly sets Seraphim apart is his dedication to meeting the unique needs of our workforce. In addition to providing Aflac services, he proactively seeks out and presents alternative options from other sources when appropriate, helping ensure our employees have access to a wide range of solutions that best suit their individual needs. His resourcefulness and commitment to employee satisfaction have made a significant impact on our team.

Seraphim's professionalism, attention to detail, and proactive approach have made him a trusted resource for both management and staff. We are grateful for the many years of excellent service he has provided and highly recommend him to any organization seeking a knowledgeable, dependable, and solutions-oriented benefits partner.

Sincerely,

Monika Marut
