# Where I've Been

A Summary of My Work

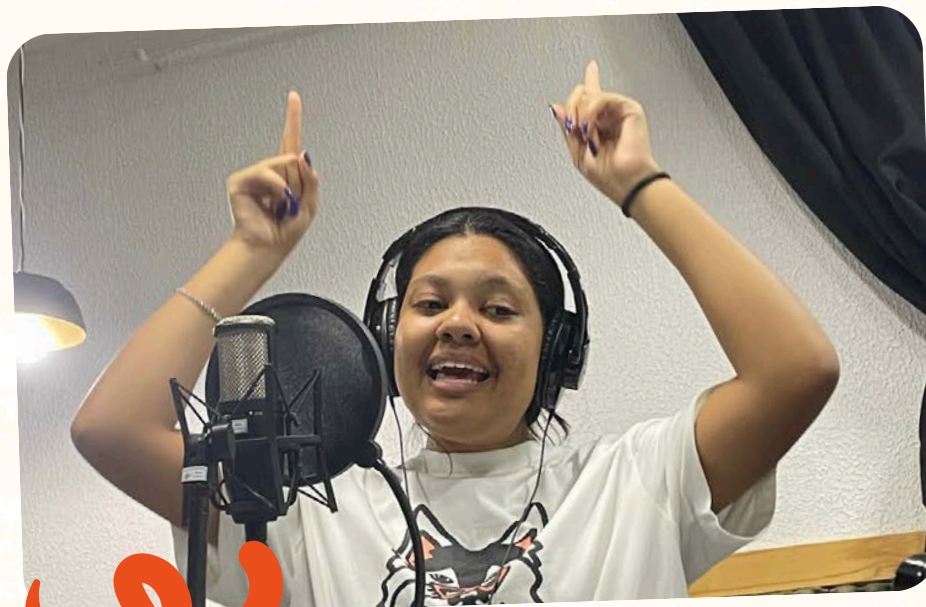

1. João Pessoa
2. Aracaju
3. São Paulo
4. Curitiba

# Recordings in João Pessoa

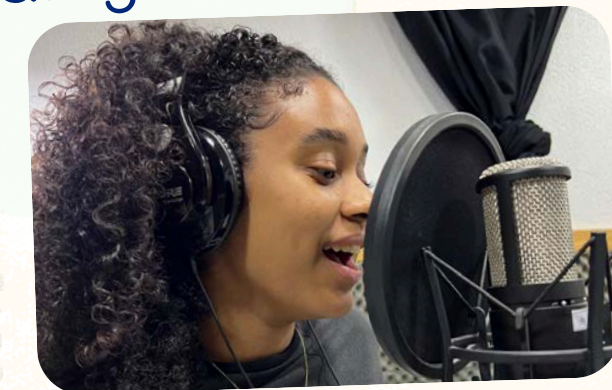

After nearly four months of moving to Recife, I returned to João Pessoa for another stage of recordings for the latest project in partnership with AME.

I spent four days recording with four students and two coaches from the project.

Taking advantage of the opportunity in João Pessoa, we held a devotional during a breakfast together at a bakery where the students are conducting Bible studies with the owners and staff. I was also able to serve in the worship service by leading the songs.

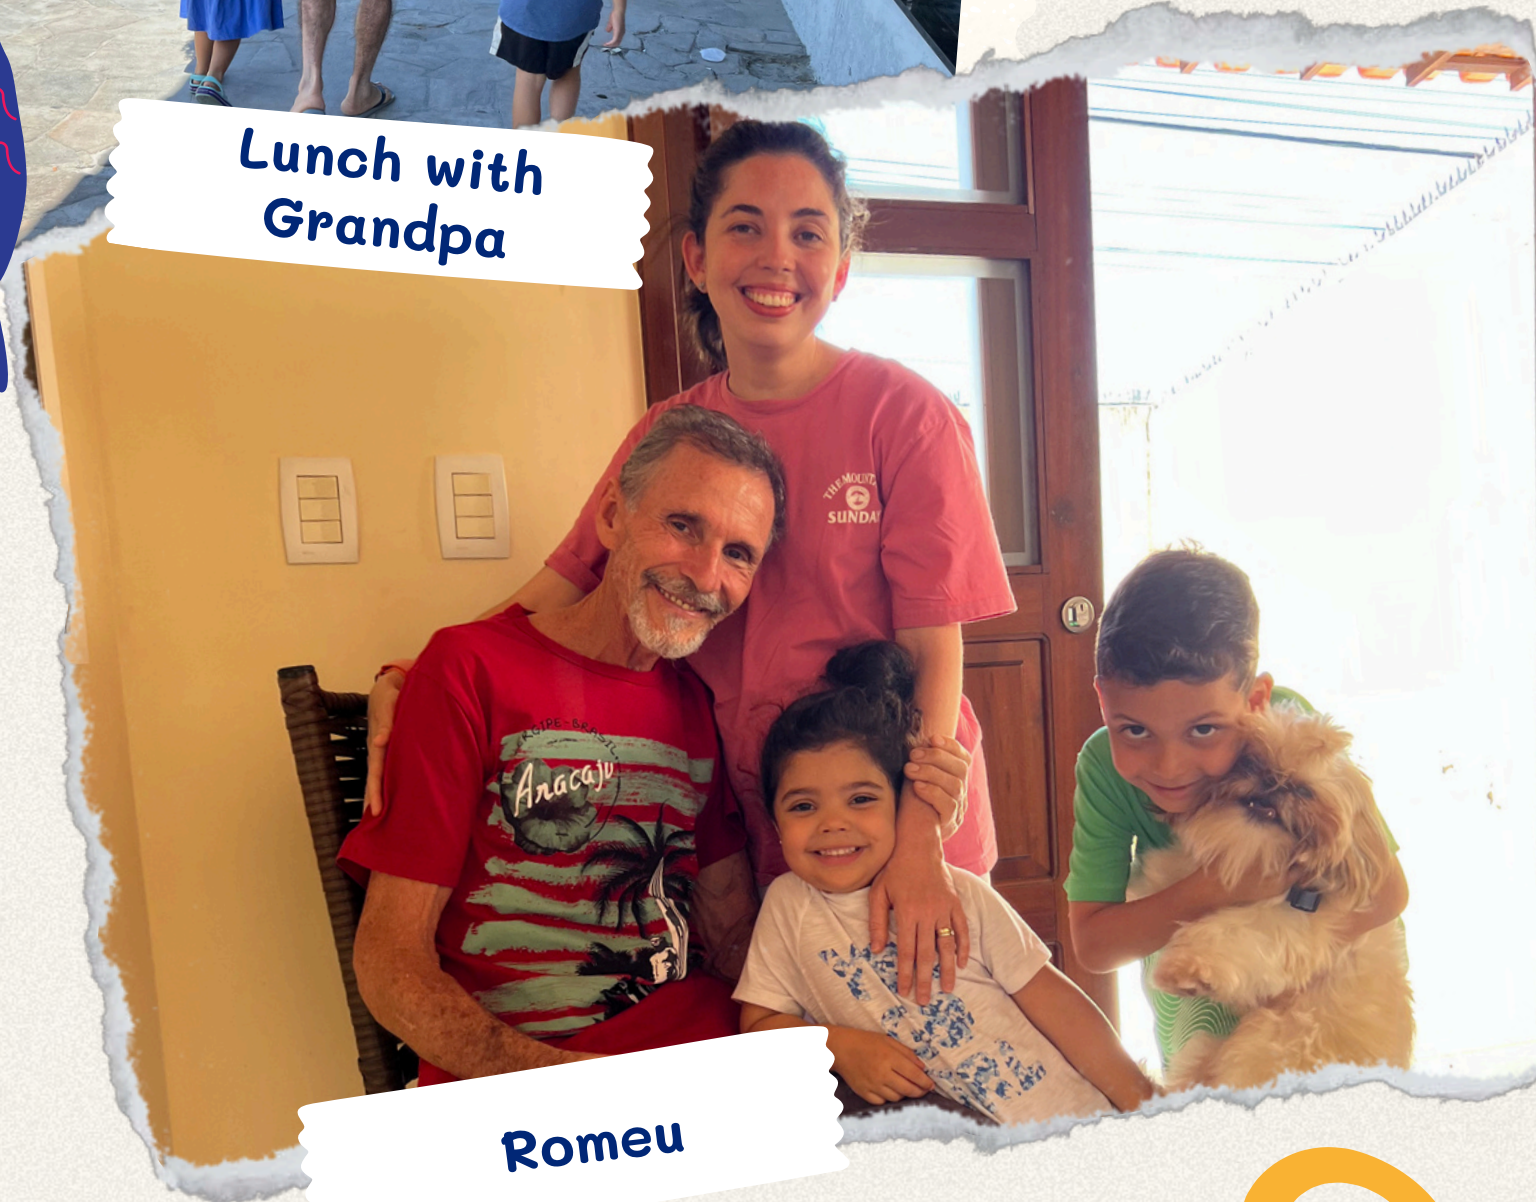

# Aracaju

As you all know, my father-in-law is fighting a very severe lung cancer for the second time, which has already metastasized. We took a weekend off from our work to visit him, as advised by the doctors. It was a good opportunity to pray with him, encourage him in this battle, and catch up a bit.

Lunch with Grandpa

Romeu

# Curitiba

In August, I traveled to Curitiba in the south of the country for an event that brought together over 400 people to promote ARCA and to give four lectures to young people on the theme "Returning Home," reflecting on our true home in heaven with God.

# connections

São Paulo - SP

Every two years, an event takes place in Brazil that gathers missionaries from all over South America, aimed at providing emotional and spiritual support for those who care for the Lord's church. It's a place where we can talk about our struggles and receive care.

# PRAYER REQUESTS

- We want to immensely thank everyone for the support we've received regarding my father-in-law, Romeu, in his fight against cancer, and we continue to ask for your prayers for his treatment to have the desired effect.
- We also request prayers for the completion of the classroom renovation and the Cantares Studio, which is in the final stages. We ask everyone to pray for our future ARCA students, that God sends them to our school. Additionally, we ask for prayers for all the teachers who are prepared for the start of the school year set for January 2025.
- We request that you pray for us to find a secretary for our school. We have already started the selection process and will decide on the hired person in a few weeks.
- May the Lord continue to grant us wisdom to lead this ministry.
- For our family.

**Thank  
You**
