

I have two openings...

I am excited! I have two openings in my business, and I'm looking for the right people to share these positions with. The only thing I would need from these two people is a strong commitment to learning the business at live trainings with me in the next six weeks.

Also, I need a promise that when you start to build your business, you will not share it with more than two people in the beginning. It's important that we work closely with our new people and help them to start to earn money right away. Wouldn't you agree? As this happens, you will start to earn money too, and I will show you how that works in a moment.

It's important that you choose the right two people, people who want to earn extra income and enjoy helping others earn more income too. When your checks are secure, and your two are in the final process of securing their checks, then you will be in a position to share your business with two more people. Are you interested enough to see how my business works now?

If you use this script or one of your own creations, you will not only find good business people to work with, but you will jumpstart your earnings and theirs right away. Once the earnings begin, nobody wants to stop.

In the beginning show your normal presentation, (Or use the videos.)
Then present this business plan...

The Key is:

No more than two Business Builders until their checks are secured. A commitment to our business training in the first three weeks. Your two people only sponsor two Business Builders until their income is secured.

Keep Your Vision
