A serene sunset scene over the ocean. The sun is a bright, glowing orb in the upper left, casting a shimmering path of light across the water's surface. The sky is a soft gradient of orange and yellow. The ocean is dark with white-capped waves breaking. In the foreground, dark, silhouetted rocks are visible at the water's edge.

Purpose

Enhance your enjoyment of life and improve your health
by helping you see beauty everywhere (especially birds)

A scenic landscape photograph of a calm lake. The water is still, acting as a perfect mirror for the sky above. The sky is filled with soft, white and grey clouds. On the far shore, a dense line of trees in various shades of green and autumnal yellow and orange stretches across the horizon. A small, dark-roofed cabin is nestled among the trees on the right side of the frame. The overall mood is peaceful and serene.

Approach

- ❑ Enhance your "Eye for Beauty" by learning how to apply some of the "visual tools" photographers use

A wide-angle photograph of a seascape under a vast, dramatic sky. The sky is filled with large, white, billowing clouds that appear to be rising from the horizon. The ocean is dark blue, and the horizon line is visible in the distance. In the foreground, there are several dark, rocky outcrops or structures protruding from the water. The overall mood is one of awe and grandeur.
