AWARDS!!

Never in my wildest dreams could I have imagined this happening for DMDA's 20<sup>th</sup> Anniversary. So many obstacles, so many hurdles, and so many unknowns. I am so grateful and thankful that the students were still able to perform and that they get to end this season on a positive note. To say this has been a difficult process is an understatement, but when I see the smiles of the kids getting to show off their hard work and dedication, it is all worth it. This is all done for the love of the kids here at DMDA, and for the love of educating students not only about the joy of dance, but to never give up no matter what gets in your way. I hope this proves as an example of just that.

"We will get by, we will survive." GD
