Updated as of 3/15/22

Always keep your firearm unloaded until ready to use

Always keep your finger off the trigger until ready to shoot

5. Shoot only at designated targets
6. When retrieving overshot arrows one person should stand next to the target to prevent shooting by others. A lone shooter should place their bow across the target face to indicate that the area is not clear for shooting.
7. Do not use broken or damaged arrows as this represents a danger to you and other shooters
8. Never shoot your bow without an arrow (dry fire) as this can damage your bow and represents a danger to you.
9. Never draw your bow when anyone is in between you and your target
10. Never draw your bow above the intended target (i.e. do not point toward the sky and bring the bow down).
11. Always be sure the area in back of your target is clear, or has an adequate backstop
12. Use of Broad Head tipped arrows may be used from September 1 – November 30 on designated deer target only.
13. If you bring your own target (static range only) it must be placed between the shooting line and the backstop, preferably next a provided target. No placing of your own targets in the woods.
14. For 3D range see the rules posted at the range.

I attest by my signature below that I have read and will abide by the rules as set forth in this document.

I further understand that any violation of these rules may lead to disciplinary action up to and including expulsion from the club and/or possible criminal prosecution.
