

Women's Lobby of Colorado

2015 Legislative Scorecard

We are pleased to present our seventh annual legislative scorecard reflecting women's priorities in the state of Colorado! The Women's Lobby of Colorado seeks to provide better opportunities for women in our state by ensuring that public policies reflect gender equity and justice. Since 1993, our volunteer organization has kept the needs of women front and center in our state's public policy debate by consistently maintaining an active lobbying presence at Colorado's Capitol.

We hope that this scorecard will serve as a guide to Coloradans on issues that are important to women. Provided in this scorecard are the voting records of each member of the Colorado State Legislature on priority bills for the Women's Lobby that were considered in the 2015 session.

We hope that you will carefully examine the scores of legislators and then **write or call elected officials to let them know that you reviewed their votes.** While a legislator's overall score reflects how their votes align with the positions of the Women's Lobby of Colorado, you can also focus on their votes on the legislation that reflects *your* priorities. You can determine who your state senator and state representative are by visiting: www.votesmart.org.

SCORING METHODOLOGY

This year the Women's Lobby selected a total of 14 bills to score. The bills were priority bills for the Women's Lobby of Colorado, our member organizations, or for our partners in coalition efforts to represent the needs of Colorado

women at the Capitol. All bills selected were voted on by either the whole Senate, whole House, or both. In the Senate we were able to score 7 bills and in the House we were able to score 11 bills. We also discuss some bills that we endorsed or opposed that did not make it out of committee, and we

note how the committee members voted. Votes cast in committees are **not** counted in a legislator's score. Only the floor votes taken by all senators or representatives are considered in the final score.

A score reflects the percent of the time that legislators' votes were consistent with the Women's Lobby of Colorado position.

Scoring Key:

 = Indicates the legislator voted consistent with the position of the Women's Lobby of Colorado.

 = Indicates the legislator voted against the position of the Women's Lobby.

 = Indicates the legislator was absent and did not vote.
