

## The Barnwell PTA Presents ...

## Math Night at Publix!

Come and experience how math connects to the real world. We want students to love math as much as we do! Students will sign in and receive a pencil and a worksheet that is appropriate for that child's grade level. They will complete the hands-on math problems throughout the store and then return it to our station for a prize! Class with the most participation will win a prize sponsored by Publix!! There will also be fabulous taste tests taking place throughout Publix - Publix Brand vs. National Brand items. Can you tell the difference between the two?

### When?

September 23<sup>rd</sup> , 5-7 pm

### Where?

Publix at Haynes Bridge

### Want Dinner?

Publix is offering a special Barnwell Dinner "to go" on Math Night! This includes a rotisserie chicken or 8 pieces of fried chicken, plus two sides, Hawaiian rolls, and a 1/2 gallon of deli tea or lemonade for only of **\$14.99!** A Publix associate will be taking orders when families sign in. You can pay for your meal at the beginning of the event and pick up when your child is done.
