

Hurricane Evacuation Policy

We here at Vero Beach Kamp will do everything we can to keep our park safe.

Once there is an evacuation notice in place or a state of emergency declared all campers will be **REQUIRED** to leave **IMMEDIATELY**.

Once the evacuation notice is lifted we will notify all campers when it is safe to return.

We understand wanting to return once the storm has passed but due to the unpredictable nature of storms we respectfully request that you **do not return** until you are notified in efforts to clear any potential hazards that hurricanes can cause.

(Down power lines, standing water etc.)

We will have hurricane call back sheets handed out before an evacuation is called to obtain a call back number to notify all patrons when it is safe to re-enter the park.

A copy of our call back sheet can be found on our website under the "policies" tab

Any questions can be emailed to us at office@verobeachkamp.com or by calling our office at (772)-589-5665
