

# Enable 2FA on Facebook

A QUICK GUIDE

# Navigate to Your Security Settings

The image is a screenshot of a Facebook profile page for a user named Kenneth Igiri. The browser's address bar shows 'facebook.com'. The top navigation bar includes a search bar, a home icon, a notifications icon with a '9+' badge, a video icon with a '9+' badge, a friends icon, a groups icon, and a profile icon labeled 'Kenneth'. To the right of the profile icon are icons for a plus sign, messages, notifications, and a red box highlights the Security Settings icon. The left sidebar shows the user's profile picture and name, followed by links to 'Pages' (9+ new), 'COVID-19 Information Centre', 'Friends', 'Groups', and 'See more'. Below these are 'Your shortcuts' with a link to the user's profile. The main content area features a row of five story thumbnails: 'Create a story', 'Akurios Igiri', 'Igiri Chinasa', 'Glo RY', and 'Happy Best'. Below the stories is a text input field with the placeholder 'What's on your mind, Kenneth?' and three options: 'Live video', 'Photo/Video', and 'Feeling/Activity'. The right sidebar shows 'Sponsored' posts, including one for 'Refer-A-Friend & get £500' from arden.ac.uk and another for 'Learn Data Engineering' from datacamp.com. Below these is a 'Your Pages' section.

# Select Security & Login

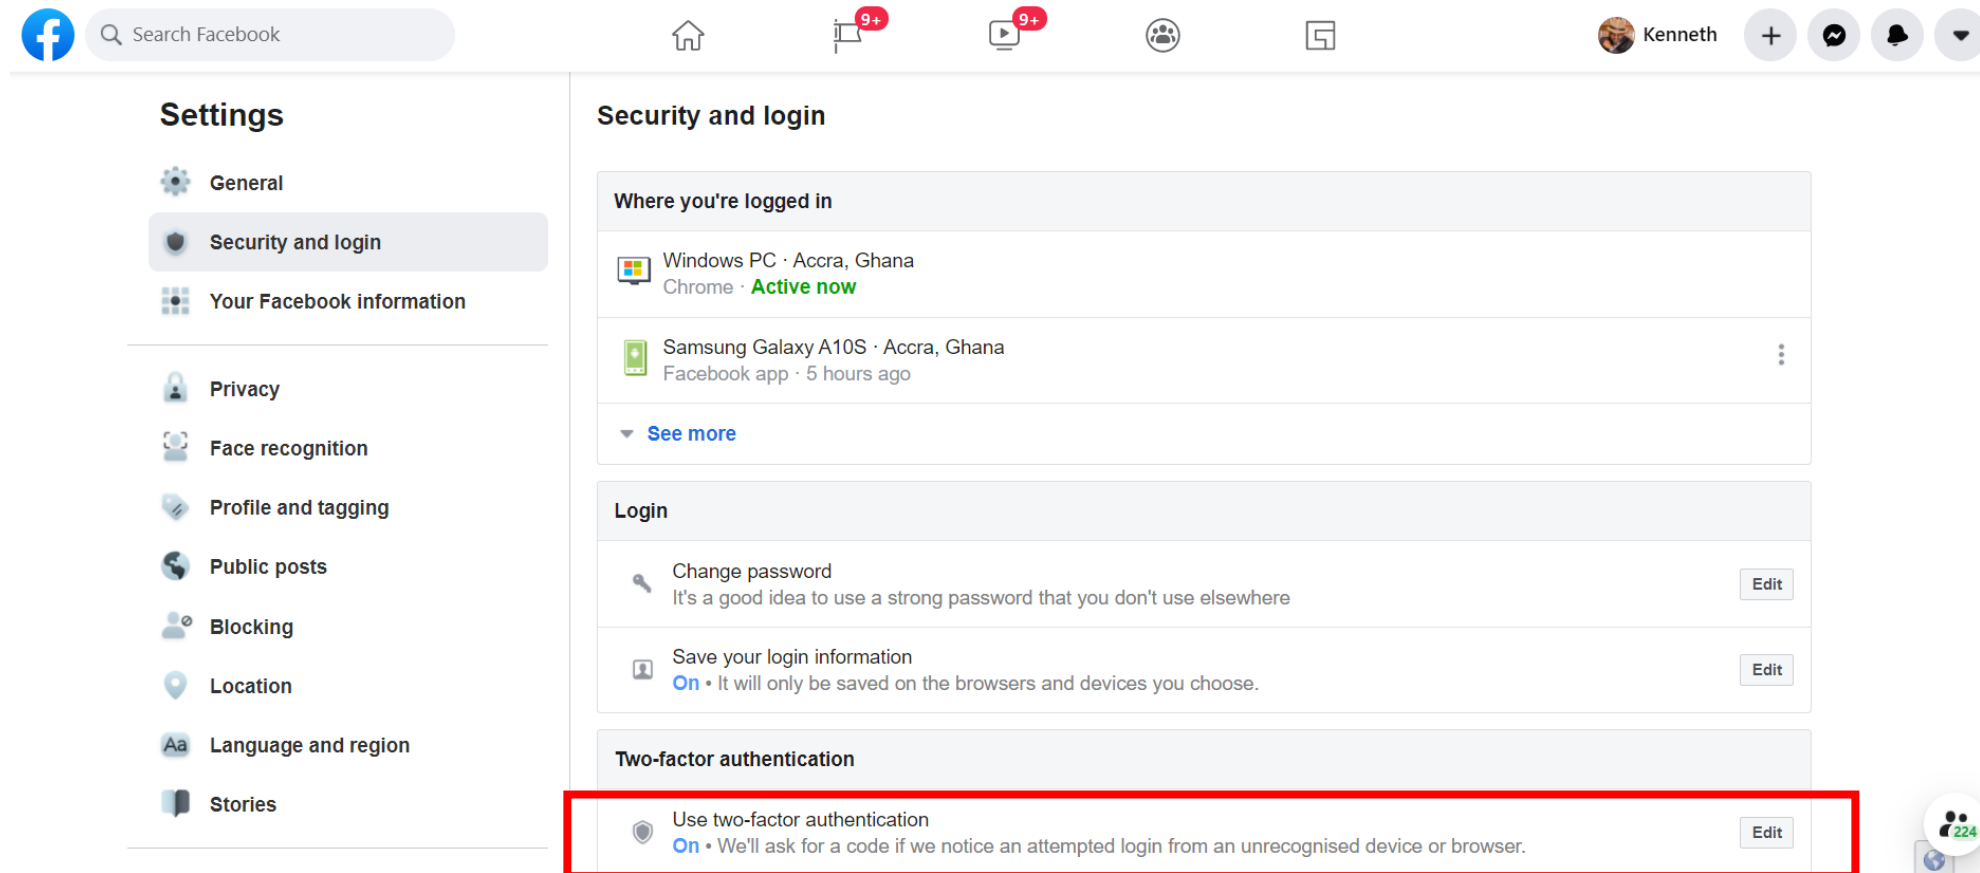

The screenshot shows the Facebook interface. At the top is a navigation bar with the Facebook logo, a search bar, and icons for home, notifications (9+), video uploads (9+), friends, marketplace, and a user profile for 'Kenneth'. Below the navigation bar, the 'Settings' menu is on the left, with 'Security and login' highlighted by a red rectangle. The main content area on the right is titled 'General Account Settings' and contains a list of settings with 'Edit' or 'View' links.

# Click “Edit”

The screenshot shows the Facebook Settings page, specifically the 'Security and login' section. The left sidebar lists various settings categories, with 'Security and login' selected. The main content area is divided into three sections: 'Where you're logged in', 'Login', and 'Two-factor authentication'. The 'Two-factor authentication' section at the bottom is highlighted with a red border. It shows the 'Use two-factor authentication' toggle is turned 'On', with a description and an 'Edit' button.
