Engraving of the front panel is available through most monument companies in the area. We have several engraved samples in the office to choose from. If two Niches are purchased side by side, they can assist in engraving two panels together to look as though they are one large panel.

Please contact our office should you have any questions or need further information (937) 698-4480.

** Customers will work directly with monument companies for engraving options, restrictions, services, and fees

**No decorations of any kind are permitted on Niches
