TESTIMONIAL

MANNINGHAM HOUSING ASSOCIATION

Golden Thread Housing Solutions, led by Stephen, facilitated a highly effective Board Strategy Day for Manningham HA, which played a key role in kickstarting our new Corporate Strategy.

The session created a structured yet engaging space for both the Board and Executive team to step back, reflect, and think ambitiously about the future.

Stephen expertly guided discussions on the changing regulatory landscape, strategic growth and risk, and effective board governance. His approach helped us recognise our existing strengths, identify new opportunities and challenges, and consider how we could raise our ambition beyond our current objectives. Stephen's professionalism, deep sector knowledge, and understanding of regulation and governance really stood out. The Board were hugely impressed, and the day provided real momentum for our strategic planning.

"Thanks to Stephen for facilitating our Board Strategy Day and helping us kickstart our new Corporate Strategy discussions. He was engaging and the Board were massively impressed with his professionalism and knowledge of the sector, particularly around regulation and governance. I would highly recommend Stephen."

Lee Bloomfield, Chief Executive, Manningham Housing Association
