Download your gym and gymnast meet registration data for import into your scoring system. You can also download the coaches that have registered for your meet at the bottom of the page.

Downloading your registration data is as easy as 1...2...3...:

1. Select your options and the date range
2. Create the files for both Gyms and Gymnasts
3. Download your files

Once you download your data, click the links below for instructions on how to upload your data into ProScore or ScoreMaster. We support other scoring systems as well (see Scoring System options below) and will provide additional instructions once they become available.
