DESCRIPTION:

Bill C-16 adds “gender identity/expression” to the list of prohibited grounds of discrimination in the Canadian Human Rights Act and Criminal Code. We will discuss and consider the implications of this on Free speech, Journalistic Freedom, Law, Education Curriculum, and Science. The science, both fact and fiction, for non–binary identities, gender—fluidity and gender as a spectrum, will be discussed.

After the successful November 17th Free Speech event with Dr. Jordan Peterson, join us for a spirited discussion on the addition of Gender Identity/Expression into Canadian Law and the long–term implications of this on society.

Sarina Singh, Organizer & Moderator
