YOUR BUSINESS

ABOUT US

Heena Fashions, initially established over 30 years ago as a fashion house became a successfully renowned supplier in the fashion trade.

With manufacturing capabilities HF Int broadened its capabilities in 2019 following the pandemic to become one of the fastest growing product suppliers in the UK providing branded supplies across the UK & abroad.

Since then, we have become a well trusted organisation based out of our Lancashire head office that has now provided over 10,000,00 products in the last 24 months with clients such as Euro Garages (US) & Euro Garages (UK & Europe) fulfilling demands for over 6000 stores.

BRANDING

WHAT WE DO

Our product manufacturing capabilities in the UK & abroad enable us to provide a wide array of products such as LED Digital screens for LEON.

We are now the primary supplier of EG Tech, supplying branded items for Euro Garages (UK), which comprised of high quality, reliable products such as mobile chargers, wired and wireless headphones with an additional 95 product lines, including reusable branded cups and water bottles.

We have a proven track record in being the most cost effective branded product supplier across all our product range, enabling cost reduction for existing clients such as Euro Garages (US) and EG Group (UK & Europe)

We have helped organisations to improve placement of products, using custom built stands to allow products to be sold either on a free standing product stand or even a mini product holders to be placed by the till of a retail outlet.
