*Dear Pumpkin Festival Friend,*

Thank you, thank you, thank you! Our hearts are filled with complete gratitude! Your support of the Spring Hope National Pumpkin Festival in 2025 (and possibly even years before) is graciously appreciated. As a group of community members who came together with a common desire to simply keep a tradition alive in a world so full of "new", we can't thank you enough for believing in the continuation of this small town tradition too! We hope you enjoyed last year and are ready for us to bring the fun back this year!

The 53rd Spring Hope National Pumpkin Festival is quickly approaching, and we are so excited to welcome everyone back. Your sponsorship last year helped us carry on a long-standing Nash County tradition that began in 1971 and has grown thanks to founders Ralph Bass and Elmo Tant.

We are excited to bring the festival to the main streets of town this year and can't wait to utilize the new depot area! We have a wonderful line up of bands and entertainment for the entire family! The celebration will begin on Friday evening again and carry on to Saturday morning and into the night! The fun continues this year with our Friday night street dance, followed by a Saturday filled with parades, kids' entertainment, food vendors, craft booths, pumpkin decorating, and more.

We are reaching out to ask for you to join us again as a supporter of the festival! Last year our sponsors included over 15 local businesses and we would love to continue that relationship with you all again!

Our volunteers are dedicated to making this year special, but community support remains essential. Enclosed are the sponsorship opportunities for the upcoming festival. If you have questions, contact Shyanne Brown at (704) 984-2887. We kindly ask for responses by May 1st to help with planning.

We appreciate your continued support as we work together to uphold this beloved tradition.

With warm regards,

The Spring Hope National Pumpkin Festival Planning Committee
