

CertainTeed Solar

THE STRONGEST WARRANTY IN THE SOLAR INDUSTRY

GET PEACE OF MIND WITH A WARRANTY

YOU CAN COUNT ON TO PROTECT

YOUR SOLAR INVESTMENT

CertainTeed Solar

CertainTeed has been a leader in the building products industry for more than 110 years, and CertainTeed Solar is proud to offer you the strongest warranty in the solar industry. Unlike other solutions or providers that have separate warranties per component, you get **one all-encompassing warranty** with CertainTeed, covering all major system components. Not only that, the workmanship on the installation of all system components supplied by CertainTeed is also covered when you work with a CertainTeed Solar Installer.

Why work with a CertainTeed Solar Installer

- ✓ CertainTeed Solar Installers are **experts in their field**. Their **quality, attention to detail** and **professionalism** allows them to offer CertainTeed's installation workmanship **warranty for up to 25 years**
- ✓ **Single-source warranty for all major system components**
- ✓ **End-to-end coverage** for our products and the installation workmanship, **even if the installer who provided your service is no longer in business**
- ✓ If you already have a CertainTeed roof, or if you replace your roof with CertainTeed's roofing products, **your entire roof and solar system are covered by one company**

What does it cost?

There's **no additional cost** for CertainTeed Solar's comprehensive system and workmanship warranty. Because you're working with a **CertainTeed Solar Installer, you're covered.**

If I have an issue, how does it work?

CertainTeed Solar's warranty is straightforward. If you're having a problem with your solar system, **contact your CertainTeed Solar Installer**. If they are not available, you can **submit a warranty claim directly with CertainTeed by calling 800-345-1145 or online at <http://www.ctndl.com/resndlsite/>**

Your warranty covers the cost of having a CertainTeed Solar Installer:

- Test the system to determine the cause of a performance problem
- Repair or replace any defective components
- Correct any faulty installation workmanship

What are the specific warranty coverage details?

APOLLO II & APOLLO TILE II WARRANTY / COVERAGE

INSTALLATION WORKMANSHIP [†]		25 YEARS
PV MODULE - POWER OUTPUT*		25 YEARS
INVERTER & OTHER COMPONENTS**		10 YEARS
110 MPH WIND WARRANTY		10 YEARS

SOLSTICE WARRANTY / COVERAGE

INSTALLATION WORKMANSHIP [†]		25 YEARS
PV MODULE - POWER OUTPUT*		25 YEARS
MICROINVERTERS/DC OPTIMIZERS**		25 YEARS
MOUNTING SYSTEM		25 YEARS
FLASHING		20 YEARS
OPTIMIZED INVERTER**		12 YEARS

[†] Warranty coverage is specific to installer level. Credentialed Installers are covered for 15 years and Master Installers for 25 years.

* Power output warranties reflect how a module performs under standard lab test conditions. Environmental factors like high temperatures, low-light conditions, and shading contribute to differences in output on the roof as compared to standard lab test conditions.

** Data monitoring hardware is warranted for 5 years
