

**ARDLEIGH PARISH COUNCIL**  
**Invitation to Tender for Contracts**

Tenders are invited for the following Council Contracts to start on 1 April 2022. Details of all available areas of work are given below.

Bids will be considered from suitably qualified and experienced contractors, organisations or individuals for any or all of the items in a particular section.

Quotations are requested on the basis of price per item per cut/attendance, with recommendations as to number of cuts/attendance expected to be required per year, where appropriate. Please also provide cost of additional or one-off work, which may be requested, with hourly rate.

As part of the tender bidders are requested to provide information about their commitment to working in a manner which does not damage the environment and/or their efforts to reduce their carbon footprint, and/or other socially responsible or community-focussed elements of their operation.

**Deadline for tenders is midday 12 noon 7 February 2022. Tenders should be submitted by email to [Ardleighpc+bid@gmail.com](mailto:Ardleighpc+bid@gmail.com) clearly headed 'Contract tender'.**

The following conditions will apply to all contracts.

- Contracts are for a period of three years from 1 April 2022 until 31 March 2025 unless otherwise agreed
- Evidence of public liability insurance, at an appropriate level, is required.
- Ardleigh Parish Council (APC) will assume for any tender submitted that the bidder has inspected the relevant areas to fully acquaint themselves with the areas, the work etc. Any failure to have inspected will be at the contractor's own risk and APC will not accept any application for additional costs due to the contractor's failure to fully inspect.
- The contractor will be expected to provide all necessary equipment, including specialist equipment where required to allow them to competently carry out the contract specification.
- The contractor will be required to dispose of any waste in a lawful manner and hold the necessary waste disposal registration (unless stated otherwise).
- Evidence of up-to-date training/ qualification of personnel involved in carrying out the contract may be requested including training to work on/ adjacent to the Highway if relevant.
- Note that wildflower and other areas and use of chemical weedkillers may be reviewed and some elements of specifications may be subject to further discussion.
- Successful bidders may be asked to provide schedule of work with dates.
- Invoices, in an agreed format, submitted to APC will be paid after the following Council meeting, normally the 2nd Monday of the month. Closing date for invoices is 7 days prior to the meeting.
- Either party can terminate this contract by providing a minimum of 60 days written notice to terminate.
- The contractor is required to report any observed damage to the Parish Council within 24 hours.

## Section 1 Floral Displays- planting
