

A Community Based Day Integration program that supports adults with intellectual/developmental disabilities through employment.

We focus on transforming and empowering individuals from traditional programs that offer generic opportunities to a personal and individualized program that offers each individual an opportunity to become successful by working in their community. Our program offers life changing skills, and career development to empower individuals.

The philosophy of iWork Services is that each consumer is gifted. Our aim is to unlock those gifts by teaching, modeling, and strengthening the individual talents of each consumer.

Our Vision

iWork believes that every individual with disabilities has the right to develop to his or her full potential.

Our Mission

Our mission is to provide employment services and support for adults with various intellectual/developmental disabilities and empowering them to reach their greatest potential.

Helping Individuals with Intellectual Disabilities find and keep jobs

"The program is great for everyone involved. It helps in so many ways; the company, community employers, and the person with a disability"

Team Member, Jason

Who We Are

iWork Employment Services believes every adult who wants to work deserves the opportunity to earn a paycheck. Too often, adults with developmental disabilities face barriers to employment due to lack of experience and specialized training. iWork is a continuum of employment services to help individuals find, secure and maintain employment in the community.
