Certified Consultant

Brain Strengths

You were born with certain aptitudes - "brain abilities." They aren't skills, but your "go-to thinking strengths." Learning how your brain naturally engages information and solves problems is a game changer!

The **Highlands Ability Battery (HAB)** uses objective measures to identify your Personal Style, Driving Abilities, and Specialized Abilities. Your consultant helps you make sense of the reports and apply what you discover to your real-life pursuits.

Our Mission

We love helping people gain clarity around who they are, where they excel, and how that informs their plans for the future. And we'd love to help you!

How This Helps You

- ✓ Explore Education & Career Options
- ✓ Understand Your Problem-Solving Strengths
- ✓ Improve Team Collaborations
- ✓ Generally Live More Fulfilled

What are the Steps?

- 1 Prep Session - 60M**
We get to know each other and you discuss the HAB process with your consultant.
- 2 HAB Assessment ~ 3HRS**
You plan uninterrupted time in a quiet space to complete HAB worksamples.
