QDAR Average Price

All Property Types

President Natasha Huizinga's Comments:

August 2018 monthly Dollar Sales for All Property Types was \$88,031,768 which is down by 6.5% from 2017, which was \$94,169,657. The monthly Dollar Sales for Residential Listings comes in with a healthy increase of 14.8% with the month-end number of \$82,583,368 for 2018 compared to \$71,926,057 for 2017.

Residential Sales in Units sold in August were relatively the same compared to last year, with 2018 showing 252 units sold compared to 253 units in 2017, reflecting a 0.4% decrease. The Average Sale Price for Residential listings increased 15.3% over last year, coming in at \$327,712 for 2018 and \$284,293 for 2017.

The 366 new Residential properties listed in August reflected a decrease of 4.9% over the 385 Residential listings that were new in August 2017. The total Active Residential Listings continues to follow the positive trend that started in March 2018, with 823 Active Residential listings compared to 784 listings in 2017, reflecting a 5.0% increase.

At the end of August 2018 the Residential months of inventory for the Quinte area came in at 3.3 months, below the national basis of 5.3 months, as reported for the end of July 2018, by the Canadian Real Estate Association (CREA). This low number indicates the local market continues to be very tight. The increased Residential listings as noted above will help improve the supply to demand ratio.
