## Capabilities Statement

**Loose Cannon Industries, LLC (LCI)**, founded by owner and president Inez Escamilla, has been a trusted provider of custom welding and fabrication for residential and commercial construction since 2007. With 17 years under continuous ownership, LCI specializes in high-end architectural, structural, ornamental, and miscellaneous steel, creating unique, client-tailored projects that showcase quality craftsmanship and attention to detail. Recognized with the prestigious 2024 LUNA Award for Firm of the Year, LCI is an SBA-certified Woman and Minority-Owned Small Business, HUB-certified, and a DBE with TxDOT. Based in Central Texas, LCI proudly serves clients across the region and has extended its expertise to projects nationwide.

## Core Competencies

- **Custom Metalwork:** Specializing in stairs, railings, gates, landscape edging, steel retaining walls, planters, and ornamental fabrication.
- **Structural Steel:** Fabrication, on-site erection, and repair services for robust structural applications.
- **Welding & Fabrication:** In-shop and on-site welding, fabrication, and installation services.
- **CNC Plasma Cutting:** Precision cutting for custom signs, parts, and brackets.
- **Production Manufacturing:** Full-cycle production, from raw materials to finished products.
- **Expertise in Diverse Metals:** Skilled in working with steel, stainless steel, brass, weathering steel, and aluminum.

## Past Performance

- **Austin Bouldering Project** – Westgate - Structural prefab, misc. steel installation
- **Bouldering Project** – Salt Lake City, UT – Structural steel and boulder structure
- **LC Pflugerville** – Architectural metals, stairs, railings, gable canopy
- **JE Dunn** – 80 Rainey - custom planters on high-rise, railings, & misc. steel
- **JE Dunn** – Atlanta, GA – Railings, decorative doors, and paneling
- **Structure Tone** – UTFC4 – galvanized railings, overhead crane support, stairs and other misc. steel
- **Balfour Beatty** – Liberty Hill ISD – structural and misc. steel
- **JE Dunn - Texas Facilities Commission** – prefab structural steel
- **Turner Construction** – PWA - stairs, railings, and misc. steel

## Differentiators

- Mobile / Multiple Teams providing quick turnaround for project deadlines
- 58 years of experience in leadership team
- OSHA certified staff
- Certified welders
