- The PURE Series is made from 100% natural, unadulterated cotton, no chemicals are used in the process.
- The PURE Series have been found to solve many of the burning issues associated with natural and soy candles.
- The PURE Series are coated with our High Melt Wick Wax for added stability
- If you find several wicks that work well in your candles, we will be happy to send more samples for final testing.
- Please contact us to discuss your specific candle application
