info@wickit.net

- The SUPERIOR 800 Series offers better burning for those hard to burn waxes and fragrances
- The SUPERIOR 800 Series burns wider diameters without the tall flame height associated with most larger wicks
- The SUPERIOR 800 Series tend to burn with less mushroom or carbon build up.
- Due to its ability to bend while burning, the SUPERIOR 800 Series wick allows for cleaner combustion of your candle.
- Please contact us to discuss your specific candle application.
- If you find several wicks that work well in your candles, we will be happy to send more samples for final testing.
