PERFORMANCE BEEF: WHERE DATA MEETS DECISIONS

Manage individual animal data

Use historical data trends to make the best financial decisions for the future

Feel confident knowing what each pen was fed and when

Know exact bull and heifer development costs to make better marketing decisions ahead of sale day

Spot health issues and performance outliers sooner

Performance Beef is a great snapshot of what our bottom dollar needs to be when we're selling these bulls. If any of these bulls aren't going to make that, it makes culling decisions much easier.

AHA # 44554338 267K 1ET x 9223G 1ET

Exciting young herd sire! This 267K son topped our 2025 bull sale and we can't wait to see his calves when they hit the ground in January. A moderate framed bull with big time capacity, a wide base, and balanced EPDs. He has the look and numbers to be a program changer.

Owned with: Churchill Cattle Co., Colyer Herefords, Buford Ranches LLC

Semen packages available!!
