

Letter of Recommendation

October 4, 2013

To Whom It May Concern

Eddie Baytos held a series of Dance and Music workshops as guest performer of the U.S. Embassy, Bangkok during September 11-22,2013.

He was well- received by enthusiastic students at Sri Pathum University in Bangkok and Burapha University in Chonburi province, where he led an interactive workshop showing tap dancing and New Orleans Funk and Blues, Zydeco music from Louisiana and also American Roots Music.

The students truly enjoyed his workshop and actively participated in his session.

Furthermore , Eddie Baytos performed at the 9 Film Fest at Paragon Cineplex with a local band, where he met a big crowd at the Award Ceremony.

I highly recommend Eddie Baytos for workshops and performance at other posts. He is a truly versatile musician . I found him easy to work with and enjoyed his presentations.

Sincerely
