

NUTRAFOL

Women's Vegan Hair Growth Nutraceutical

A daily hair growth supplement, physician-formulated for women leading a plant-based lifestyle with standardized, all-vegan ingredients that target root causes of thinning such as stress, nutritional gaps and gut health for faster-growing, thicker, fuller, stronger hair.¹

Biotin-free formula.

Who this is for:

Women who are 18-44 and experiencing signs of hair thinning and shedding.

Key benefits:

Reduced hair shedding.²

Thicker hair growth.²

Hair that grows faster, stronger, and longer.¹

Clinical results:

100% of women saw more scalp coverage after 6 months.¹

Points of difference:

- #1 dermatologist-recommended hair growth supplement brand.*
- Physician-formulated. Clinically tested. Science-backed.
- Nutrafol's proprietary blend of bioavailable ingredients synergistically targets multiple bio-specific root causes of hair thinning.
- 22 standardized ingredients to ensure the same potency in every serving.
- Responsibly sourced ingredients from all over the world and manufactured in the United States.
- Includes Vitamin B12 to support red blood cells and probiotic for gut health.^{3,4}

How to use:

Take **4 capsules daily** with a meal. For easier swallowing, place 1-2 capsules in your mouth, sip water, tilt your chin down (you'll feel the capsule float to the back of your throat), and swallow.

What you
can expect
from Nutrafol
Women's Vegan:

MONTHS 0-3

Visibly fuller,
healthier-looking hair.¹

MONTHS 4-6

Fast-growing,
longer, and
stronger hair.¹

MONTHS 6+

Maintain
your hair
growth results.

Our patented Synergen Plant Complex®:

Moldavian Dragonhead: Clinically shown to promote natural collagen production in the body.⁵

Curcumin: Extracted from tumeric for its antioxidant properties that fight free radicals to support cellular health.⁹

Ashwagandha: A botanical shown to lower cortisol levels for stress relieving benefits to reduce hair shedding.⁶

Tocotrienol Complex: A concentrated form of vitamin E, a super antioxidant that fights against environmental stress to improve hair density.¹⁰

Saw Palmetto: Provides concentrated fatty acids clinically shown to reduce the conversion of testosterone to DHT to improve hair growth.^{7,8}

Hyaluronic Acid: Promotes healthy hair and hydration.¹¹

In a 6-month clinical study, participants taking Nutrafol Women's Vegan experienced significant hair growth.

BASELINE

6 MONTHS

Female subject taking Nutrafol Postpartum.
