# Welcome to London

For the final games of our five FA Veterans FC tour games for 2022.

Double issue programme today, as not even I can manage to update, print, fold (now that Terry has been sacked as programme folder) and travel across the city, in the two hours between these two matches!

Today see's us visit both the South East and East of the Capital for our final two 'end of season games'. Hopefully we'll all meet again in Scotlad in September.

I hope all the players, officials and supporters enjoy as much as they have in our previous events.

Have won the 3rd tier twice, and the National League spending 2 seasons outside the League, after being relegated in 2017
