3. Instructors - Our instructors are highly-qualified dance professionals with certifications and continued training on the Twinkle Star™ and Show Stars™ dance programs.
4. Customer Service - We strive to create an environment where our teachers can focus on teaching. That's why we're proud of the many innovations we've adopted to make your family's dance experience positive. From a well-maintained facility to a simple, streamlined registration process and a world-class costume and dancewear ordering system. En L'air is on the cutting edge of dance management technology.
5. Performances - Our goal is to cultivate a community centered around our dance families, that's why we offer opportunities like the Daddy Daughter Dance to get our families more involved. Dance is a performance art and we work each season to get even our littlest movers ready for the stage at our annual June concert.

## The Four Pillars

SKILL BUILDING

CENTER MOVEMENT

JUST FOR FUN

SHOWTIME

SKILL BUILDING

Skill building is the core of any dance class. We teach children proper technique and vocabulary and develop muscle memory.

CENTER MOVEMENT

Center movement is where students perform enchainment or combinations or steps, which teach memory skills and performance abilities.

JUST FOR FUN

It is important students get a chance to improve or participate in seasonal fun, dance games. We always insert JUST FOR FUN into the end of class.

SHOWTIME

This is what all students wait for and look forward to. That moment onstage where they can showcase all they have learned in front of family and friends!
