lyrical, musical theatre

performing company

grades 10-12
students attend multiple days a week

our school was built upon
hard work...it's
worth it

We believe in fostering and encouraging a strong work ethic in our dancers. Pushing yourself and striving for goals is an important skill in dance and life.

we provide community performances
winning isn't
everything

We believe in developing dancers as people first. We are as concerned with who they are becoming as human beings as we are with how they are developing in their training as a dancer.
