## About Me

My name is Josue Ventura — founder of **Ventura Services**, youth pastor, and purpose-driven entrepreneur. I created Ventura Services with one goal in mind: **to serve people and help them move forward — whether through business solutions, creative projects, or faith-based leadership.**

From managing notary and title transfer services to guiding young people in their walk with Christ, everything I do is rooted in excellence, integrity, and purpose. I believe that faith and business don't have to exist separately — both can be powerful tools to impact lives and build something that lasts.

**My mission is simple: to lead with purpose, serve with passion, and inspire others to do the same.** Whether I'm helping someone launch their vision, navigate a new opportunity, or grow in faith, my heart is always to bring value, clarity, and encouragement every step of the way.
