

Where to find a Defibrillator on the Northern Beaches

How to use an AED (Automatic External Defibrillator).

The AED will guide you through the entire process until help has arrived.

Follow the visual and voice prompts of the AED

1. Call 000.
2. Check the victim's breathing and airway.
3. Locate an AED.
4. Turn on the AED.
5. Follow the visual & voice prompts of the AED
6. Attach the electrode pads to patient's bare chest.
7. Always follow the instructions of the AED.
