Dear Art Educator,

As you begin another school year, we want to remind you of our organization, the Billings Arts Association (BAA). We are a regional 501(c)3 organization which encourages participation in, and appreciation of the visual arts and supports arts education with materials grant (up to \$250) at every level. Our members span all mediums, levels of experience from emerging to professional, and all age groups. We are available to talk with classes, demonstrate, or mentor students interested in a specific art medium or technique. Several of our members have completed the Montana Artpreneurs Program (MAP) and have business savvy as well as creative talents.

BAA is open to all artists high school age and older. Please share this information with your colleagues and students. Grant submissions are an ongoing process, and the application is on our website.

We look forward to seeing you at art events around Billings this year.
