Happy New Year!

The Billings Arts Association (BAA) has some big plans for this year. We are excited to be able to offer grants/scholarships to both educators and students. We want to help promote art at all levels. We are a regional 501(c)3 organization which encourages participation in, and appreciation of the visual arts.

Teachers or organizations that could use help funding materials for an upcoming art project should consider applying for a BAA grant (up to \$500). Grant submissions are an ongoing process and reviewed as they are received. Submit our easy application to apply. [Images Art Grant Application](#)

This year, we are also offering scholarships to help individual students attend an art class or art camp. This is a \$100 (per applicant per year) scholarship. If you know of interested students, please have them submit an application. [Youth Scholarship application](#)

We look forward to receiving your application and seeing you at art events around Billings this year. For more information about Billings Arts Association and applications for the grants, please visit our website: www.billingsartsassociation.com Feel free to contact us with any questions: dawn.sherseth@gmail.com

Art is so important to our children! Keep creating!
