August 6, 2025

Dear Art Educator,

Greetings from the Billings Arts Association (BAA). Do you have a special project you have always wanted to do with your students, but did not have the funds in your budget to make it happen? Let us help! Apply for an Images Art Grant.

The Images Art Grant aims to encourage and support art education in our community. We have grants available for both teachers and students. Grant submissions are an ongoing process throughout the year. Our simple applications are on our website.

<https://billingsartsassociation.com/school-art-grants>

BAA is a regional 501(c)3 organization which encourages participation in, and appreciation of the visual arts. We support arts education with materials grants (up to \$500) at every level. Our members span all mediums, levels of experience from emerging to professional, and all age groups. We are available to talk with classes, demonstrate, or mentor students interested in a specific art medium or technique. Several of our members have completed the Montana Artpreneurs Program (MAP) and have business savvy as well as creative talents.

BAA is open to all artists of high school age and older. Please share this information with your colleagues and students.

We look forward to receiving your application and seeing you at art events around Billings this year. For more information about Billings Arts Association, please visit our website:
