

Hi Montana Artists,

Tammy here reaching out to share my new and exciting adventure as the manager of Global Village in Downtown Billings. As I am expanding our inventory to include Montana made items. I know all of you have worked hard to develop your business. I hope I can help by purchasing some of your items. We would love to carry cards you've made. We also offer you a chance to set up in front of our store during Farmers Market and in the store during First Friday's some of those are Art Walk and others are just First Fridays to show and sell your items. If any of this is of interest please let me know. This is an opportunity to reach 100's of art buyers in the Billings area. I'm super excited to be in this position to help other Montanans.

Thanks for your time and hope to hear from you soon,

Tammy Zemliska
