

May 2026

Dear Pastor Ralph,

"Declare His glory among the nations, His wonders among all peoples. For the LORD is great and greatly to be praised." (Psalm 96:3-4)

Your generosity continues to propel the Institute for Creation Research forward, and we are grateful that you have partnered with us in our critical work. Because of supporters like you, ICR is reaching families, students, and churches here and abroad with biblically grounded science.

One way that ICR declares the glory and wonders of our Lord Jesus is through ICR events. Your gift reinforces our calling and mission to support the local church and to travel far and wide to demonstrate the engineering authority of our Creator through ICR's scientific research.

In recent months, our team has shared at events like the Michigan Annual Homeschool Conference. Hundreds of parents and students encountered ICR's research, resources, and hands-on learning tools, many for the very first time. ICR was also invited to present at the Institute for Biblical Authority, where attendees were equipped with clear, science-supported answers that bolster confidence in Scripture.

Your support also fuels an exciting lineup of upcoming outreach opportunities. This summer, we look forward to speaking at the Wonders of Creation Conference in Tennessee. Dr. Tim Clarey will lead a Grand Canyon rafting expedition, guiding participants through one of the most iconic geological settings on Earth. He'll demonstrate how its features align with Scripture's account of the Genesis Flood. Additionally, we will host dinosaur digs in Montana, where attendees will discover for themselves the evidence behind the phrase "floods form fossils fast."

Events like these are not just gatherings; they are moments where lives are changed, questions are answered, and faith is strengthened. Thank you for making this work possible. Your partnership ensures that ICR can continue proclaiming the truth of God's Word through research, education, and nationwide outreach. We invite you to visit [ICR.org/events](https://www.icr.org/events) to explore future opportunities or to bring ICR to your church.

Sincerely thankful,

James Gadberry

Director of Development and Donor Relations
