

## MOSES AS JESUS

### Moses

- Notice that all the congregation was under God's wrath and facing death because of the sin of one man
- Because of this, Moses falls on his face in the sight of all the congregation at the door (entrance) of the tabernacle just outside the tabernacle (Fall is a synonym for death in the bible, check out the Abigail video or visit my website where I have all the notes of every video for you as a download). Also, look up the word "door", you'll see it means entrance
- He intercedes for the people and then rises
- After rising, he gives the congregation a message of salvation i.e. how to avoid dying but continue living; remember to look up the phrase eternal life in a Greek concordance
- His message also causes them not to die in sins (of the wicked men)
- The elders followed Moses after he rose and accompanied him to deliver his message

### Jesus

- Notice that all are under God's wrath and facing death because of the sin of one man, Adam
- Because of this, Jesus dies in the sight of all (both jew and gentile) at the entrance of Jerusalem just outside the city
- He intercedes for us and rises from death
- After his resurrection, he gives us a message of salvation and eternal life
- His message also brings us out of sin so we don't die in sins
- His disciples followed him after he rose and accompanied Jesus to deliver his message
