

MOSES AS JESUS (PART 2)

- On the command from the pharaoh the ruler to kill Moses together with other boys, the 2 Levites who did not want Moses to be known because he was good obeyed as cast him into the water and he was put into a container which was sealed. Just like on the command of Pilate the ruler, the 2 high priests i.e. the 2 Levites who did not want Jesus to be known because he was good killed him together with other thieves and he was put in a tomb which was sealed.
- Someone royal saw Moses in anguish (as he wept) and opened up the container and brought him out alive just like God who is royal saw Jesus in anguish and opened up the tomb and brought him out alive.
- There was a lady who witnessed this and went to proclaim to her mother that Moses who was to be dead lives and was brought out of the container by a royal one just like Mary Magdalene who witnessed Jesus's death and resurrection went to proclaim to the disciples that Jesus who was dead lives and was brought out of the tomb by God who is royal.
- The mother of Moses then came to the scene and was instructed on caring for Moses which she'll be rewarded for just like the disciples were met by Jesus and were instructed of caring about him which they'll be rewarded for.
- Moses then became great (grew) and went back to the one that saved him and was her son and given a name. Jesus then became great and went back to God who saved him and was his son and was given a new name.
- Notice that it was the third month that Moses lived after being sent to die just like it was the third day that Jesus lived after being sent to die.
