

GREAT SHEET AS JESUS

Great Sheet

- The sheet was great
- The great sheet came down from heaven
- It was bound at four corners
- It descended to the earth
- After the third time, it was raised and went back into heaven
- All the beasts in it were clean though they were previously unclean
- To summarize, the great sheet was bound and went down to the earth but came up again after the third and the beast in it that were previously unclean became clean

Jesus

- Jesus was great
- Jesus came down from heaven
- He was bound at his four corners i.e. both hand and both feet
- After his death he descended into the earth
- On the third day, he was raised or resurrected and went back to heaven
- All the nations (both Jew and gentile) who are in him are now righteous though we were previously sinners i.e. we have been cleaned though we were previously unclean (the bible uses dirt/uncleanness as a synonym for sin, while righteousness is a synonym for being clean/pure; look at these bible verses on screen)
- To summarize, the Great Jesus was bound, died and went down to the earth but came up on the third and the nations in him that were sinners became righteous
