

THE MUSTARD SEED AS JESUS

The Mustard Seed

- It was taken and cast into the ground
- It was the least of all seed
- It came up or rose from the ground
- It was the greatest of all trees
- It then sends out its branches to bring birds to lodge in it
- The birds, which were enemies of the seed (as they eat up seeds) came to the tree after knowing about it for protection or salvation

Jesus

- He was taken, killed and cast into the earth
- At his death he was the least expected to be the Messiah
- He arose from the earth
- He became the greatest of all as King and ruler of heaven and earth
- He then sends out his disciples to bring all people into his kingdom
- His enemies (both Jew and gentile) know about him through the gospel preached by his disciples and come to him for protection or salvation
