

2026 Campaign Plan

WE HAVE 3 CRUCIAL TASKS IN 2026:

Pass CA Voter ID Initiative

We got the 1 million signatures we needed to force a statewide vote on this game-changing initiative that will require citizenship verification, auditing and cleaning of all voter rolls, and ID to cast a ballot! Now we must win the YES vote in November 2026!

Flip Target Seats - With Fighters!

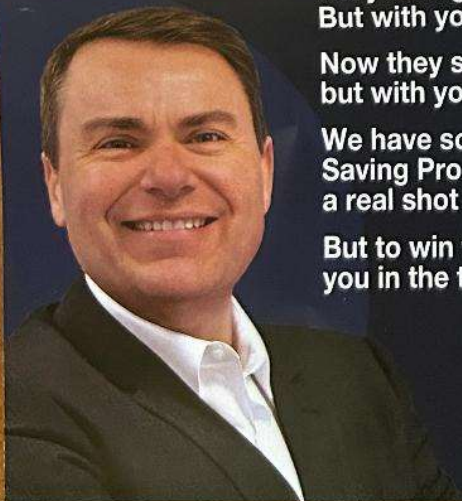

We must win 26 target seats in 2026 - 4 Congressional seats to keep the House Majority and 22 state legislative seats to end the Democrats' Supermajority. We will also invest in winning 8 statewide offices - including Governor. But winning a target seat is not enough - we must back FIGHTERS, not sellouts, in each seat we hold.

Save Prop 13 / Block Tax Hikes

CA Democrats want to repeal Prop 13 and impose massive tax hikes on you. There are over 250 tax hikes being placed on state and local ballots in the 2026 midterm - including measures raising existing sales, property, and income taxes - while creating new taxes like the Mileage Tax and the Savings Tax! Reform California is leading the campaign to defeat all state and local tax hikes in the 2026 election - and pass a Taxpayer Protection Initiative to protect Prop 13 long-term!

We Urgently Need Your Help to Fight!

They said getting Voter ID on the ballot in California in 2026 was impossible. But with your help, Reform California proved them wrong!

Now they say winning in California in the 2026 midterm is impossible - but with your continued help, we will prove them wrong again!

We have so much on the line in California in November - including Voter ID, Saving Prop 13 to block tax hikes, the House Majority etc. We even have a real shot to end the Democrats' Supermajority in Sacramento!

But to win these fights in California in the 2026 midterm election, we need you in the trenches - as a volunteer and a contributor today!

- Carl DeMaio

CA State Representative | Chairman, Reform California
