ONLINE SAFETY POLICY 2024/2025

ONLINE SAFETY POLICY

Person responsible for this policy:	Paul Arch
Policy author:	Paul Arch
Date Approved by Directors:	January 2024
Date to be Reviewed:	January 2026
Policy displayed on website:	Yes

CEOS's Signatures:	Paul Arch Viv Hunt

Updates made:	Date:

Aims of this Policy:

Reboot Education aims to:

- Have robust processes in place to ensure the online safety of pupils, staff and volunteers.

- Deliver an effective approach to online safety, which empowers us to protect and educate the whole provision community in its use of technology, including mobile and smart technology (which we refer to as 'mobile phones').

- Establish clear mechanisms to identify, intervene and escalate an incident, where appropriate.

The 4 key categories of risk

- Our approach to online safety is based on addressing the following categories of risk:

- **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism

- **Contact** – being subjected to harmful online interaction with other users, such as peer- to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes

- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non- consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and

- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scam

---

1. Legislation and guidance

This policy is based on the Department for Education's (DfE) statutory safeguarding guidance, Keeping Children Safe in Education, and its advice for education provisions on:

- Teaching online safety in provisions

- Preventing and tackling bullying and cyber-bullying: advice for headteachers and provision staff

- Relationships and sex education –

- Searching, screening and confiscation

It also refers to the DfE's guidance on protecting children from radicalisation.

It reflects existing legislation, including but not limited to the Education Act 1996 (as amended), the Education and Inspections Act 2006 and the Equality Act 2010. In addition, it reflects the Education Act 2011, which has given teachers stronger powers to tackle cyber-bullying by, if necessary, searching for and deleting inappropriate images or files on pupils' electronic devices where they believe there is a 'good reason' to do so.

2. Roles and responsibilities

2.1 The Company Directors

The Company Directors has overall responsibility for monitoring this policy and for its implementation.

The Company Directors will co-ordinate regular meetings with appropriate staff to discuss online safety and monitor online safety logs as provided by the designated safeguarding lead (DSL).

All Company Directors will:

- Ensure that they have read and understand this policy.

- Agree and adhere to the terms on acceptable use of the provision's ICT systems and the
- internet (appendix 2)

- Ensure that, where necessary, teaching about safeguarding, including online safety, is adapted for vulnerable children, victims of abuse and some pupils with SEND because of the importance of recognising that a 'one size fits all' approach may not be appropriate for all children in all situations, and a more personalised or contextualised approach may often be more suitable.

2.2 The designated safeguarding lead

Details of the provision's DSL and deputy are set out in our child protection and safeguarding policy as well as relevant job descriptions.

The DSL takes lead responsibility for online safety in provision, in particular:

- In ensuring that staff understand this policy and that it is being implemented consistently throughout the provision.

- Working with any ICT support service and other staff, as necessary, to address any online safety issues or incidents.

- Managing all online safety issues and incidents in line with the provision child protection policy.

- Ensuring that any online safety incidents are logged (see appendix 4) and dealt with appropriately in line with this policy.

- Ensuring that any incidents of cyber-bullying are logged and dealt with appropriately.

- Updating and delivering staff training on online safety (appendix 3 contains a self-audit for staff on online safety training needs).

- Liaising with other agencies and/or external services if necessary.

This list is not intended to be exhaustive.

2.2 The ICT support service

The ICT support service is responsible for:

- Putting in place an appropriate level of security protection procedures, such as filtering and monitoring systems, which are reviewed and updated on a regular basis to assess effectiveness and ensure pupils are kept safe from potentially harmful and inappropriate content and contact online while at provision, including terrorist and extremist material.

- Ensuring that the provision's ICT systems are secure and protected against viruses and malware, and that such safety mechanisms are updated regularly.

- Conducting a full security check and monitoring the provision's ICT systems on a weekly basis.

- Blocking access to potentially dangerous sites and, where possible, preventing the downloading of potentially dangerous files.

This list is not intended to be exhaustive.

2.3 All staff and volunteers

All staff, including contractors and agency staff, and volunteers are responsible for: Maintaining an understanding of this policy:

- Implementing this policy consistently.

- Agreeing and adhering to the terms on acceptable use of the provision's ICT systems and the internet (appendix 3), and ensuring that pupils follow the provision's terms on acceptable use (appendix 1).

- Working with the DSL to ensure that any online safety incidents are logged (see appendix 4) and dealt with appropriately in line with this policy.

- Ensuring that any incidents of cyber-bullying are dealt with appropriately.

- Responding appropriately to all reports and concerns about sexual violence and/or harassment, both online and offline and maintaining an attitude of 'it could happen here'.

This list is not intended to be exhaustive.

2.4 Parents

Parents are expected to:

- Notify a member of staff or the Company Directors of any concerns or queries regarding this policy.

- Ensure their child has read, understood and agreed to the terms on acceptable use of the provision's ICT systems and internet (appendices 1).

- Parents can seek further guidance on keeping children safe online from the following organisations and websites:
    o What are the issues? – UK Safer InterneCentre
    o Hot topics – Childnet International
    o Parent resource sheet – Childnet International
    o Healthy relationships – Disrespect Nobody

2.5 Visitors and members of the community

Visitors and members of the community who use the provision's ICT systems or internet will be made aware of this policy, when relevant, and expected to read and follow it. If appropriate, they will be expected to agree to the terms on acceptable use (appendix 2).

3 Educating pupils about online safety

Pupils will be taught about online safety as part of the curriculum:

The text below is taken from the National Curriculum computing programmes of study.

Pupils will be taught to:

- Use technology safely, respectfully and responsibly recognise acceptable and unacceptable behaviour.
- Identify a range of ways to report concerns about content and contact By the end of primary provision, pupils will know:

  o That people sometimes behave differently online, including by pretending to be someone they are not.

  o That the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous.

  o The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them.

  o How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met.

  o How information and data is shared and used online.

  o What sorts of boundaries are appropriate in friendships with peers and others (including in a digital context).

  o How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know.

The safe use of social media and the internet will also be covered in other subjects where relevant.

Where necessary, teaching about safeguarding, including online safety, will be adapted for vulnerable children, victims of abuse and some pupils with SEND.

4. Educating parents about online safety

The provision will raise parents' awareness of internet safety in letters or other communications home, and in information via our provision's websites. This policy will also be shared with parents.

Online safety may also be covered during parent meetings.

If parents have any queries or concerns in relation to online safety, these should be raised in the first instance with the DSL.

Concerns or queries about this policy can be raised with any member of staff or the Company Directors.

4. Cyber-bullying

a. Definition

Cyber-bullying takes place online, such as through social networking sites, messaging apps or gaming sites. Like other forms of bullying, it is the repetitive, intentional harming of one person or group by another person or group, where the relationship involves an imbalance of power.

b. Preventing and addressing cyber-bullying

To help prevent cyber-bullying, we will ensure that pupils understand what it is and what to do if they become aware of it happening to them or others. We will ensure that pupils know how they can report any incidents and are encouraged to do so, including where they are a witness rather than the victim.

The provision will actively discuss cyber-bullying with pupils, explaining the reasons why it occurs, the forms it may take and what the consequences can be.

All staff and volunteers (where appropriate) receive training on cyber-bullying, its impact and ways to support pupils, as part of safeguarding training (see section 11 for more detail).

The provision also sends information/leaflets on cyber-bullying to parents so that they are aware of the signs, how to report it and how they can support children who may be affected.

Where illegal, inappropriate or harmful material has been spread among pupils, the provision will use all reasonable endeavours to ensure the incident is contained.

The DSL will consider whether the incident should be reported to the police if it involves illegal material, and will work with external services if it is deemed necessary to do so.

c. Examining electronic devices

Provision staff have the specific power under the Education and Inspections Act 2006 (which has been increased by the Education Act 2011) to search for and, if necessary, delete inappropriate images or files on pupils' electronic devices, including mobile phones, iPads and other tablet devices, where they believe there is a 'good reason' to do so.

When deciding whether there is a good reason to examine or erase data or files on an electronic device, staff must reasonably suspect that the data or file in question has been, or could be, used to:

- o Cause harm, and/or
- o Disrupt teaching and/or
- o Break any of the provision rules

If inappropriate material is found on the device, it is up to the staff member in conjunction with the DSL or other member of the senior leadership team to decide whether they should:

- o Delete that material, or
- o Retain it as evidence (of a criminal offence or a breach of provision discipline), and/or
- o Report it to the police*

* Staff may also confiscate devices for evidence to hand to the police, if a pupil discloses that they are being abused and that this abuse includes an online element.

Any searching of pupils will be carried out in line with:

- o The DfE's latest guidance on [screening, searching and confiscation](#)
- o UKCIS guidance on [sharing nudes and semi-nudes: advice for education settings](#) [working with children and young people.](#)

Any complaints about searching for or deleting inappropriate images or files on pupils' electronic devices will be dealt with through the provision complaints procedure.

5. Acceptable use of the internet in provision

All pupils, parents, staff and volunteers are expected to sign an agreement regarding the acceptable use of the provision's ICT systems and the internet (appendices 1 and 2). Visitors will be expected to read and agree to the provision's terms on acceptable use if relevant.

Use of the provision's internet must be for educational purposes only, or for the purpose of fulfilling the duties of an individual's role.

We will monitor the websites visited by pupils, staff and visitors (where relevant) to ensure they comply with the above.

More information is set out in the acceptable use agreements in appendices 1 and 2.

6. Pupils using mobile devices in provision:

With consent, following a written request, pupils may bring mobile devices into provision, but are not permitted to use them on the provision site – and must hand them for storage in the provision office on arrival and to be collected at the end of the day.

Any breach of the acceptable use agreement by a pupil may trigger disciplinary action and may also result in the confiscation of their device.

7. Staff using work devices outside provision:

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

- o Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol)
- o Setting up Multi Factor Authentication
- o Ensuring their hard drive is encrypted – this means if the device is lost or stolen, no one can access the files stored on the hard drive by attaching it to a new device.
- o Making sure the device locks if left inactive for a period of time.
- o Not sharing the device among family or friends.
- o Installing anti-virus and anti-spyware software.
- o Keeping operating systems up to date – always install the latest updates.

Staff members must not use the device in any way which would violate the provision's terms of acceptable use, as set out in appendix 2.

Work devices must be used solely for work activities.

If staff have any concerns over the security of their device, they must seek advice from the ICT support provider.

8. How the provision will respond to issues of misuse

Where a pupil misuses the provision's ICT systems or internet, we will follow the procedures set out in our ICT and internet acceptable use –The action taken will depend on the individual circumstances, nature, and seriousness of the specific incident, and will be proportionate.

Where a staff member misuses the provision's ICT systems or the internet or misuses a personal device where the action constitutes misconduct, the matter will be dealt with in accordance with the staff disciplinary procedures. The action taken will depend on the individual circumstances, nature, and seriousness of the specific incident.

The provision will consider whether incidents which involve illegal activity or content, or otherwise serious incidents, should be reported to the police.

9. Training

All new staff members will receive training, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying and the risks of online radicalisation.

All staff members will receive refresher training at least once each academic year as part of safeguarding training, as well as relevant updates as required (for example through emails, e-bulletins and staff meetings).

By way of this training, all staff will be made aware that:

o   Technology is a significant component in many safeguarding and wellbeing issues, and that children are at risk of online abuse.

Children can abuse their peers online through:

o   Abusive, harassing, and misogynistic messages.

o   Non-consensual sharing of indecent nude and semi-nude images and/or videos, especially around chat groups.

o   Sharing of abusive images and pornography, to those who don't want to receive such content.

o   Physical abuse, sexual violence and initiation/hazing type violence can all contain an online element.

Training will also help staff:

o   develop better awareness to assist in spotting the signs and symptoms of online abuse.

o   develop the ability to ensure pupils can recognise dangers and risks in online activity and can weigh the risks up.

o   develop the ability to influence pupils to make the healthiest long-term choices and keep them safe from harm in the short term.

The DSL [and deputy] will undertake child protection and safeguarding training, which will include online safety, at least every 2 years. They will also update their knowledge and skills on the subject of online safety at regular intervals, and at least annually.

Volunteers will receive appropriate training and updates, if applicable.

More information about safeguarding training is set out in our child protection and safeguarding policy.

10. Monitoring arrangements

Staff log behaviour and safeguarding issues related to online safety using our cause for concern forms. An example paper incident report log can be found in appendix 4.

This policy will be reviewed every year by The Company Directors. The review will be supported by an annual risk assessment that considers and reflects the risks pupils face online. This is important because technology, and the risks and harms related to it, evolve and change rapidly.

11. Links with other policies

This online safety policy is linked to our:

- o   Child protection and safeguarding policy.

- o   Data protection policy and privacy notices.
- o   ICT and internet acceptable use policy.

Appendix 1: Acceptable use agreement (pupils and parents/carers)

ACCEPTABLE USE OF THE PROVISION'S ICT SYSTEMS AND INTERNET: AGREEMENT FOR PUPILS AND PARENTS/CARERS

Name of pupil:

I will read and follow the rules in the acceptable use agreement policy

When I use the provision's ICT systems (like computers) and get onto the internet in provision I will:

- Always use the provision's ICT systems and the internet responsibly and for educational purposes only
- Only use them when a teacher is present, or with a teacher's permission
- Keep my username and passwords safe and not share these with others
- Keep my private information safe at all times and not give my name, address or telephone number to anyone without the permission of my teacher or parent/carer
- Tell a teacher (or sensible adult) immediately if I find any material which might upset, distress or harm me or others
- Always log off or shut down a device when I'm finished working on it

I will not:

- Access any inappropriate websites including: social networking sites, chat rooms and gaming sites unless my teacher has expressly allowed this as part of a learning activity
- Open any attachments in emails, or follow any links in emails, without first checking with a teacher
- Use any inappropriate language when communicating online, including in emails
- Create, link to or post any material that is pornographic, offensive, obscene or otherwise inappropriate
- Log in to the provision's network using someone else's details
- Arrange to meet anyone offline without first consulting my parent/carer, or without adult supervision
- Bring in any personal devices (including mobile phones, smart watches, wearable devices, etc.) without agreement from parents and head teacher

I agree that the provision will monitor the websites I visit and that there will be consequences if I don't follow the rules.

Signed (pupil):	Date:

Parent/carer's agreement: I agree that my child can use the provision's ICT systems and internet when appropriately supervised by a member of provision staff. I agree to the conditions set out above for pupils using the provision's ICT systems and internet, and for using electronic devices in provision, and will make sure my child understands these.

Signed (parent/carer):	Date:

Appendix 2: acceptable use agreement (staff, volunteers and visitors)

ACCEPTABLE USE OF THE PROVISION'S ICT SYSTEMS AND INTERNET: AGREEMENT FOR STAFF, GOVERNORS, VOLUNTEERS AND VISITORS

Name of staff member/governor/volunteer/visitor:

When using the provision's ICT systems and accessing the internet in provision, or outside provision on a work device (if applicable), I will not:

- Access, or attempt to access inappropriate material, including but not limited to material of a violent, criminal or pornographic nature (or create, share, link to or send such material)
- Use them in any way which could harm the provision's reputation
- Access social networking sites or chat rooms
- Use any improper language when communicating online, including in emails or other messaging services
- Install any unauthorised software, or connect unauthorised hardware or devices to the provision's network
- Share my password with others or log in to the provision's network using someone else's details
- Take photographs of pupils without checking with teachers first, and only ever on provision devices
- Share confidential information about the provision, its pupils or staff, or other members of the community
- Access, modify or share data I'm not authorised to access, modify or share
- Promote private businesses, unless that business is directly related to the provision

I will only use the provision's ICT systems and access the internet in provision, or outside provision on a work device, for educational purposes or for the purpose of fulfilling the duties of my role.

I agree that the provision will monitor the websites I visit and my use of the provision's ICT facilities and systems.

I will take all reasonable steps to ensure that work devices are secure and password- protected when using them outside provision, and keep all data securely stored in accordance with this policy and the provision's data protection policy.

I will let the designated safeguarding lead (DSL) and ICT technician know if a pupil informs me they have found any material which might upset, distress or harm them or others, and will also do so if I encounter any such material.

I will always use the provision's ICT systems and internet responsibly, and ensure that pupils in my care do so too.

Signed (staff member/governor/volunteer/visitor):	Date:

Appendix 3: Online safety training needs – self audit for staff

ONLINE SAFETY TRAINING NEEDS AUDIT	
Name of staff member/volunteer:	**Date**:
Question	**Yes/No (add comments if necessary)**
Do you know the name of the person who has lead responsibility for online safety in provision?	
Are you aware of the ways pupils can abuse their peers online?	
Do you know what you must do if a pupil approaches you with a concern or issue?	
Are you familiar with the provision's acceptable use agreement for staff, volunteers, governors and visitors?	
Are you familiar with the provision's acceptable use agreement for pupils and parents?	
Do you regularly change your password for accessing the provision's ICT systems?	
Are you familiar with the provision's approach to tackling cyber-bullying?	
Are there any areas of online safety in which you would like training/further training?	

Appendix 4: Online safety incident report log

ONLINE SAFETY INCIDENT LOG				
Date	**Where the incident took place**	**Description of the incident**	**Action taken**	**Name and signature of staff member recording the incident**
