Subject: ATU ShareKit Now Available

To: All ATU Local Presidents and Financial Secretaries:

The ATU International has developed several social media memes/images and leaflets to spread the word on social media to our members, employers, riders, elected officials about our fight for the rights and protections of our members and all transit workers during this global pandemic.

We have created an online ShareKit on the ATU's website that contains shareable and easily downloadable versions of all these social media memes/images and leaflets. We encourage you to visit this ShareKit and share the memes/images and leaflets to your Local Union and personal social media pages or download as needed. The memes/images can be immediately shared to your social media pages by clicking on Facebook and Twitter icons on the ShareKit. As we create new social media memes/images and leaflets, they will be added to the ShareKit, so please check it often.

You can access the ShareKit at <https://www.atu.org/covid-19/sharekit>

If you have questions, please contact my office.

In solidarity,

John A. Costa
