Vision of the School

To develop an integrated personality with young generation and empower them with the values of love, truth, Peace and Justice through qualitative and value based education.

Motto

To prepare the students to become good citizens of our country.

From Principal's Desk

It gives me immense pleasure to pen down this message for our first effort in this field. John Dewey Said, "Education is not preparation for life, it is life itself". We are in the era of AI (Artificial Intelligence). Will there be a period where physical teachers be replaced by robotic teachers? God Knows better! All our job opportunities are very high and have increased the efficiency of career field. But no robot can take the place of a teacher for a child is made of flesh and blood. Every human being is in want of very many values in life which give him satisfaction in the long run of life. All that a person earns or posses in life may not give that satisfaction which another human being can give him, most probably that is your family and school. What is growth, progress and success? Are these one and the same? No! if you increase your turnover from 100 to 500 or even more. is your growth: But that is not success. That is materialistic growth. The growth, if aided by ethics like discipline, norms, humanity etc, is the progress. And if that progress, mixed with humanity, morality and spirituality that is success.

So let's be successful in all aspects. I appreciate all the teachers and students who contributed to bring out this first volume of newsletter of our school. Thank you dear parents, teachers and students for your year long support and co-operation. let us be united to take our school to its heights. May God's protecting hands be upon every one of us and our institution.

Thank you one and all.
Sr. Lismin FCC
Principal

May God Bless us all.

MY Lovely School

In my school, many friendship bloom.
Learning together, in every class room.
Teachers guide, inspire and care.
This is the place where memories are shared.
The playground laughter, the lesson we learn.
In my school, there is so much to earn.
From the morning till the noon good bye.
We learn a lot to reach the sky.

We are Special

"Books are the gems, with change the entire journey of one's life. Book are not just printed papers, they are the ocean of knowledge. But nowadays, this ocean of knowledge is drowning the children under their weight, instead filling their minds with treasure. Today's children had forgotten the importance of learning, as a good percentage of the students are under burden. They are running after to fulfil their there is a high competition around them. They are compared with their siblings, relatives and even neighbors.

It is a high time to understand that each child is unique in his/her own way. They all are talented in some or the other way. We must encourage them in each phase of their lives.

Let's promise together that we will encourage children for learning, beyond any judgment. Let's fly them by giving the wings of freedom and choices as, each one of us is special.

"United we Stand, Divided We Fall"

United we stand... is a phrase used indifferent kinds of mottoes, most often to inspire unity. We need unity in all the sphere of life whether social or religious. As we know India is a land of unity in diversity. In Past few years, this unity had been fragmented into pieces for the namesake, cast, creed, religion etc. But we must remember that if we remain divided we can fall.

We Indians must maintain tahe religious unity too. We must show mutual respect for all the religion, their faith and practices, keeping in mind that the teaching of all the religions are the part of a single plan directed from the same God.

"A School Can be Fun"

School can be fun, if you want it to be,
so much more interesting, for you and me.
Science, Maths, History so much to choose from,
It keeps us engrossed night and morn!
Why should we be bored? There is a lot to know,
very interesting things to, learn about, so let's go!
think of those who, can't go to school,
There are many in numbers, not very few,
So all the benefits of learning, we should reap,
As through each stage, of life we leap.
School can be fun, if you want it to be,
So much more interesting, for you and me.

I Love My Nation

With Himalayas in North,
Indian Ocean in the spouts,
Arabian Sea in the west,
Bay of Bengal in the East.
I love my Nation with diveresed culture,
And beautiful sculpture,
The people have no rest,
to do their work best.
I love my nation,
With number of hill stations,
Which are god's creations.
It give us protection,
And saves us from tensions.

"Tell me why?"

Tell me why
Tell me o ! tell me why,
Why the stars are shining?
When the people are deprive of light.
But the desserts remain dry.
Why are the oceans found so clam?
Why do the waves make lots of noise?
Why the hatred is conquering
And the love, peace are left aside,
It's the prayer of broken soul,
O My father! Guide us guide..

मॉनीटर के दिन

जो क्लास में बने मॉनीटर, कोरी ज्ञान दिखाते हैं।
आता जाता कुछ भी नहीं, पर हम पर रौब जमाते हैं।
जब क्लास में टीचर नहीं, तो खुद टीचर बन जाते हैं।
कॉपी पेंसिल लेकर, बस नाम लिखने लग जाते हैं।
खुद तो हमेशा बातें करें, हमें चुप करवाते हैं।
अपनी तो बस गलती माफ़, हमें बलि चढ़ाते हैं।
क्लास तो संभाल पाते नहीं, बस चीखते और चिल्लाते हैं।
भगवान बचाए इन मॉनीटर से, इन्हें हम नहीं चाहते हैं।

“जिंदगी कभी रूकती नहीं है”

बहुत समय पहले की बात है। एक शहर में दयाराम नाम का व्यक्ति अपने परिवार के साथ रहता था। वह कहाँ अपना सपना पूरा करने के लिए शहर में पढ़ता था। उसे एक बड़ा डॉक्टर बनना था। परन्तु उसके पास पैसे नहीं थे उसने कड़ी मेहनत करके अपनी डॉक्टर की परीक्षा के लिए पैसे इकट्ठा करे लेकिन तभी उसके पैसे चोर ने चोरी कर लिये। इसे कहते हैं, गरीबी में आटा गीला।

उसकी एक नेक ओर भले आदमी ने मदद की उसे उसकी परीक्षा के लिए पैसे देकर जिससे उसका मन हल्का हुआ। उसने आकाश-पताल एक कर दिया अपनी परीक्षा के लिए। जब वह अपनी परीक्षा देकर वापस आया तो उसे लगा था कि उसका रिज़ल्ट अच्छा आय होगा। पर जब उसके परीक्षा का रिज़ल्ट आया तो वह आश्चर्यचकित हो गया क्योंकि उसके इतनी कठिन परिश्रम के बाद भी रिज़ल्ट अच्छा नहीं आया। वह यह बात सुनकर टूट गया था उसे ऐसा लगने लगा था कि जिन्दगी रूक सी गई है। उसके परिवार ने उसे बहुत समझाया तो फिर से उसने अपनी परीक्षा दी और इस बार उसका रिज़ल्ट बहुत अच्छा आया था जिसकी वजह से उसे पता चला गया कि सच ही कहा गया है कि जिन्दगी कभी रूकती नहीं है। इसीलिए हमें अपनी जिन्दगी से कभी हार नहीं मानना चाहिए और हमें कोशिश करते रहना चाहिए।

Women Strength

Now rise and show your strength
because challenges never ends.
Be eloquent, deep and tender,
for people will see only your gender.
Prove them wrong, because they are,
because your success is never too far.
Knowledge is love and light and vision
remember you are not in a person
if you have knowledge you have world,
Even if people think you're just a normal girl
what you imagine if may come true,
Remember one can never argue.
If the fear of failure is blocking your way
be strong and be brave.
We all are born with a divine fire,
All you need is a pure desire,
fill the world with the glow of its goodness.
Show the world you are a woman of
mightiness.

“शिक्षक”

जीवन में जो राह दिखाए,
सही तरह चलना सिखाए!
मात-पिता से पहले आता,
जीवन में सदा आदर पाता!

सबको मान प्रतिष्ठा जिससे,
सीखी कर्तव्यनिष्ठा जिससे!
कभी रहा न दूर मैं जिससे,
वह मेरा पथदर्शक हैं जो!
मेरे मन को भाता,
वह मेरा शिक्षक कहलाता!

कभी हैं शांत, कभी हैं धीर,
स्वभाव में सदा गंभीर,
मन में दबी रहे ये इच्छा,
काश मैं उस जैसा बन पाता,
जो मेरे शिक्षक कहलाता!
