Kitchen:

To help maintain strict kashrus, we only rent to shomer shabbos Yidden.

Everything is color coded: RED for Meat, BLUE for dairy and GREEN for pareve. Countertops are marked. Anything you find in the fridge can be used. Please use it up. Prior guests often leave meat and other things. You can use whatever is in there. Nothing is old. Upper dishwasher drawer is MEAT. Lower drawer is DAIRY. Please don't run them at the same time. If you do it is not a problem, but we don't. To use the coffee maker: Fill up the coffee cup with water from the fridge. Pour water into the back of the coffee maker. Put in Kcup (above counter) and close. Press the big button and WAIT. Just wait and it will go.

The Beach Area:

The beach area has a few points of caution. Our left side neighbor's beach property starts at the black tubes going into the water, and our right side ends when the beach has a boat on it. Sometimes our neighbor has a big, fun slide up. If you want to use the slide you must ask our neighbors for permission. Any water activities are at your own risk. Please supervise children at all times. Life jackets are in the boathouse. The code to the lock is 0613

The boat should not be used or climbed on. It is dangerous. Please do not touch our fishing gear. The boat lift is super dangerous. Don't let kids near the controls.

The grill:

The grill code is 0613. Please re-lock when done. Please clean the grill before and after use with the block of wood next to it.

Indoor Water:

We are on a well system for water. The water is filtered and softened but may have a metallic smell. We don't drink it, but it has been inspected and is fine. Drinking water is in the fridge.

Walmart:

The closest store is a 24 hour super wal-mart about 7 minutes away that has everything. Just get back on HWY 55 heading back to SLP. After 5 minutes go left on 25 and you'll see it on the left.

On your way out:

Any cleaning you can do is greatly appreciated! You can leave any food you think the next guests would like. Please swat flies. We might not be back for a few days and it is gross to leave them buzzing around.

HAVE A GREAT, RELAXING TIME. WE HOPE THE CHANGE OF SCENERY WILL HELP EVERYONE BE MORE PRODUCTIVE IN LEARNING AND CREATE LASTING MINNESOTA MEMORIES!
