2020-21 Parent Newsletter #3

Election Day was this past Tuesday, November 3rd.

Why Is Election Day a Tuesday in November?
The answer lies with America's 19th-century farmers.

History Chanel, EVAN ANDREWS

Americans first began the custom of weekday voting in 1845, when Congress passed a federal law designating the first Tuesday following the first Monday in November as Election Day.

Before then, states were allowed to hold elections any time they pleased within a 34-day period before the first Wednesday in December, but this system had a few crucial flaws. Knowing the early voting results could affect turnout and sway opinion in states that held late elections, and those same last-minute voters could potentially decide the outcome of the entire election. Faced with these issues, Congress created the current Election Day in the hope of streamlining the voting process.

But why a Tuesday in November? The answer stems from the agrarian makeup of 19th-century America. In the 1800s, most citizens worked as farmers and lived far from their polling place. Since people often traveled at least a day to vote, lawmakers needed to allow a two-day window for Election Day. Weekends were

impractical, since most people spent Sundays in church, and Wednesday was market day for farmers.

With this in mind, Tuesday was selected as the first and most convenient day of the week to hold elections. Farm culture also explains why Election Day always falls in November. Spring and early summer elections were thought to interfere with the planting season, and late summer and early fall elections overlapped with the harvest. That left the late fall month of November—after the harvest was complete, but before the arrival of harsh winter weather—as the best choice.

Election Day is now a civic holiday in states including Delaware, Hawaii, New York, New Jersey and the territory of Puerto Rico. Many activists have called for Election Day to become a federal holiday, so people can take time to vote without missing work. Other proposals to boost voter turnout include having elections take place over several days or allowing voting to take place by mail or computers.

On Friday, October 30th, JKO held several Halloween themed activities. A BIG thank you to Ms. Kadison for applying and winning a grant specifically designed for Halloween. Here is an excerpt of her award email:

Congratulations! Out of more than 330 applicants from 46 states, Helping Hands Society at Jacqueline Kennedy Onassis HS is one of 50 organizations that is being awarded a Youth Save Halloween Party Pack. You will receive two 25-pound cases of Hershey candy and \$60 in Party City gift cards. Both are being shipped to the address you provided on your application. We were impressed with your plans to do good and help others while keeping Halloween fun in this crazy year!

Ms. Kadison...you are AWESOME!!! Also, Ms. Kadison spearheaded the following for that day: Upon entering school, students present will received a Halloween mask and a raffle ticket. The raffle ticket was for students to enter our "Boo Room" in the lab (The lab will be decorated as a haunted house). In the lab, we allowed students to come during their lunchtime and play socially distanced games, participate in a scavenger hunt, watch Mrs. De Gregorio's haunted house video, listen to scary stories, etc. Students online tuned in to a Zoom link during their lunch and play online games. Teachers also were given themed questions to ask students. Those who got the correct response were assigned a raffle ticket. At the end of the day, we placed 5 names/ tickets to win a bigger prize. e will communicate with the student if they are remote as to how they can get their prize.

Ms. Nicoletta edited them and pieced them together into one film. Thank you both!!! Below is the link to the film that was previously sent to all staff and students:
