Happy New Year!!!

Have you ever wondered about the New Year's Eve ball drop that happens every year in our very own backyard in Times Square??? If so, see below...

HISTORY OF THE NEW YEAR'S EVE BALL

Revelers began celebrating New Year's Eve in Times Square as early as 1904, but it was in 1907 that the New Year's Eve Ball made its maiden descent from the flagpole atop One Times Square. Seven versions of the Ball have been designed to signal the New Year.

The first New Year's Eve Ball, made of iron and wood and adorned with one hundred 25-watt light bulbs, was 5 feet in diameter and weighed 700 pounds. It was built by a young immigrant metalworker named Jacob Starr, and for most of the twentieth century the company he founded, sign maker Artkraft Strauss, was responsible for lowering the Ball.

As part of the 1907-1908 festivities, waiters in the fabled "lobster palaces" and other deluxe eateries in hotels surrounding Times Square were supplied with battery-powered top hats emblazoned with the numbers "1908" fashioned of tiny light bulbs. At the stroke of midnight, they all "flipped their lids" and the year on their foreheads lit up in conjunction with the numbers "1908" on the parapet of the Times Tower lighting up to signal the arrival of the new year.

The Ball has been lowered every year since 1907, with the exceptions of 1942 and 1943, when the ceremony was suspended due to the wartime "dimout" of lights in New York City. Nevertheless, the crowds still gathered in Times Square in those years and greeted the New Year with a minute of silence followed by the ringing of chimes from sound trucks parked at the base of the tower—a harkening-back to the earlier celebrations at Trinity Church, where crowds would gather to "ring out the old, ring in the new."

In 1920, a 400 pound Ball made entirely of wrought iron replaced the original. In 1955, the iron Ball was replaced with an aluminum Ball weighing a mere 150 pounds. This aluminum Ball remained unchanged until the 1980s, when red light bulbs and the addition of a green stem converted the Ball into an apple for the "I Love New York" marketing campaign from 1981 until 1988. After seven years, the traditional glowing white Ball with white light bulbs and without the green stem returned to brightly light the sky above Times Square. In 1995, the Ball was upgraded with aluminum skin, rhinestones, strobes, and computer controls, but the aluminum Ball was lowered for the last time in 1998.

For Times Square 2000, the millennium celebration at the Crossroads of the World, the New Year's Eve Ball was completely redesigned by Waterford Crystal and Philips Lighting. The crystal Ball combined the latest in lighting technology with the most traditional of materials, reminding us of our past as we gazed into the future and the beginning of a new millennium.

In 2007, for the 100th anniversary of the Times Square Ball Drop tradition, Waterford Crystal and Philips Lighting crafted a spectacular new LED crystal Ball. The incandescent and halogen bulbs of the past century were replaced by state-of-the-art Philips Luxeon LED lighting technology that dramatically increased the brightness and color capabilities of the Ball.

The beauty and energy efficiency of the Centennial Ball inspired the building owners of One Times Square to build the permanent Big Ball weighing nearly six tons and twelve feet in diameter. The 2,688 Waterford Crystal triangles are illuminated by 32,256 Philips Luxeon LEDs. This Big Times Square New Year's Eve Ball is now a year-round attraction sparkling above Times Square in full public view January through December.

Announcements

- Our next PTA meeting will take place at 5 pm on Monday, January 4th. We will email a Zoom invite to parents.
- The 3rd marking period ends on Monday, January 25th. Report cards will be available via Pupilpath and will via parent/student Myschools DOE accounts. Please have your child check their progress on Pupilpath and check in with their teachers regarding any concerns about grades prior to the end of the marking period.
- Honor Society Induction Ceremony will take place on January 22nd (Friday) after school. Zoom invitation will be emailed to the school community as we get closer to that date.
- There is no school on Monday, January 18th, in observance of the Martin Luther King Jr. holiday.
- If your child received an NX as a grade during the spring or summer semesters she/he has until January 31st to make up the work in order to receive the credit. It is imperative that all students with a previous NX grade make up the work as soon as possible. The opportunity to make up the work will not exist after January and the class may be required for any waived state exams the state may offer in the future.
- As you all may have heard by now, the Mayor and Chancellor have announced that all learning will be done remotely until further notice. **All students must log onto classes synchronously during the period the lesson takes place.**
- While we are currently on remote learning, we must still prepare for when we open up our building to 5 day in-person learning. The following is a mandate from the Chancellor regarding covid 19 testing in preparation for students to return to school:

Weekly Testing: All schools will have 20% of students and staff randomly tested on a weekly basis.

Student Consent: All students in grades 1 and higher are required to provide consent for testing by their first scheduled in-person learning day. Families can submit consent using NYCSA or the updated [paper form](#) found at the end of this section. Students who do not submit consent will be transitioned to remote only learning.

NYC DOE CONSENT FORM FOR COVID-19 TESTING

What is this form?

We are seeking your consent to test you for COVID-19 infection. The New York City Department of Education (NYC DOE), working with NYC Health + Hospitals and the New York City Department of Health and Mental Hygiene, has partnered with laboratories and other providers to test NYC DOE students, teachers, and other staff members for COVID-19 infection.

How often would you test me?

We are arranging for our laboratory and provider testing partners to come to every school at least once a month to test some of the students and staff. If you consent, you may be selected for testing on one or more of these occasions. In addition, you may also be tested throughout the school year (1) in accordance with state and city mandates, such as weekly testing in schools in Yellow Zones, or (2) if you exhibit one or more symptoms of COVID-19, or (3) if you are a close contact of a student, teacher, or staff person with COVID-19 infection.

What is the test?

If you consent, you will receive a free diagnostic test for the COVID-19 virus. The attached letter provides more information about the types of tests that may be used. Collecting a specimen for testing involves inserting a small swab, similar to a Q-Tip, into the front of the nose and/or collecting saliva (spit).

How will I know if I test positive?

COVID-19 test results will generally be provided to you within 48-72 hours.

What should I do when I receive my test results?

If your test results are positive, please contact your doctor immediately to review the test results and discuss what you should do next. You should stay home and inform your school. If your test results are negative, this means that the virus was not detected in your specimen. Tests sometimes produce incorrect negative results (called "false negatives") in people who have COVID-19. If you test negative but have symptoms of COVID-19, or if you have concerns about your exposure to COVID-19, you should call your doctor. If you need help finding a doctor, call (844) NYC-4NYC.

CONSENT

By signing below, I attest that:

- I have signed this form freely and voluntarily.
- I consent to be tested for COVID-19 infection.
- I understand that I may be tested at multiple times through September 30, 2021, and that testing may occur (1) on days scheduled by the NYC DOE in accordance with state and city mandates, such as weekly testing in schools in Yellow Zones, or (2) if I exhibit one or more symptoms of COVID-19, or (3) if I am a close contact of a student, teacher, or staff person with COVID-19 infection.
- I understand that this consent form will be valid through September 30, 2021, unless I notify my school's principal or other designated official **in writing** that I revoke my consent.
- I understand that my test results and other information may be disclosed as permitted by law.

JK SCHOOL COUNSELOR

ANNOUNCEMENTS:

- ❖ Please have your child schedule a one on one academic meeting with me. This meeting is important to ensure they are on track academically with their progress towards graduation. The meeting may take place over the phone or via zoom.
- ❖ Make sure to keep track of your child's progress in their classes by logging on to <https://pupilpath.skedula.com/> . If you do not have an account you may contact me or Ms. Bernabel, the Parent Coordinator, to receive your registration code.
- ❖ Students who received an NX code in any course during the Spring or Summer 2020 semesters, should be completing their course requirements in order to receive a passing grade on their transcript. Students have until January 2021 to complete the course for credit. Failure to complete the course will result in a failing grade. Please contact me for more information.
- ❖ *Freshman and Sophomores should begin to scout and research colleges/universities they would like to attend after high school.
*Juniors should continue their college search and create their lists for next school year to apply.
*Seniors should be beginning/finishing their FAFSA, NYS TAP, and College applications.
- ❖ Please check PupilPath daily for important announcements and emails pertaining to your child!

Please feel free to contact me directly with any questions, concerns, or if you need assistance: NVega11@schools.nyc.gov

On December 9th, JKO participated in a virtual District 4 high school fair. The event was attended by a few hundred people. Many schools in our district participated (See below). A big thank you to the staff who were part of the JKO family who were present: Mr. Vincent, Mr. Williams, Ms. Beltran, Ms. Bernabel, Ms. Milan, Ms. DeGregorio, Jeremy Djangmah, and Phillip Austen. The event gave JKO exposure to a plethora of D4 students and parents. A big thank you to Superintendent Orlen and Superintendent DeLacruz for inviting JKO to participate in this event!!!

Academic Awards

On Thursday, December 17th, and Friday, December 18th, JKO held grade level assemblies/awards ceremony. The events were very well attended and successful. A big thank you to all who contributed: **Mr. Vincent, Mr. Williams, Ms. Vega, Ms. DeGregorio, Ms. Bernabel, the dynamic duo of Ms. Kadison and Ms. Okwabi, and various students who contributed videos (Joseph Vanacore, Phillip Austen, Marycarmen Herrera, Janisia Hachiche, Sakena Kearse, Samantha Gomez) and Pilar Canilizo who presented live to sophomores.**

Hannah Faruolo

Dana Faruolo from Jacqueline Kennedy Onassis High School for International Business Careers has sent you a message:

Hello,

I wanted to reach out with a quick thank you! The awards ceremony was wonderful. Our family appreciates everything the JKO staff members are doing for their students. Now is a very difficult time to be an educated, and we are grateful for each and every one of you!

Happy Holidays,

Dana Faruolo

**Big Brothers
Big Sisters®**

Special thanks to Pilar Canalizo (11th Grade), who presented to sophomores regarding her experiences in Big Brothers/Big Sisters mentoring program. Pilar has been a part of the Big Brothers Big Sisters Workplace Mentoring Program with TD Bank since her sophomore year.

From Rebecca Baron, Program Manager
Big Brothers Big Sisters of NYC:

Pilar is a one of the fantastic Littles from BBBS of NYC. I'm so proud of her for presenting in front of an assembly full of her peers on behalf of BBBS. We're lucky to have her.

An invitation to show us — in words or images, video or audio — how the events of this extraordinary year have affected you.

Dear JKO,

Smash Arts Productions is inviting you to view our video, *Nothing Will Be the Same*, explaining our experiences from 2020. It conveys the struggles we've faced, and how we overcame them. We are not here for sympathy, but to show how these challenges have impacted us and how they've affected our lives. This pandemic has affected everyone, including you, the person watching. We know it's been hard, but we've found hope, and with this video you can find the same.

Please enjoy our stories.

Thank you,

In the Spotlight

On December 22nd, Ms. Nicoletta hosted a virtual Movie Night for students.

From Ms. Kadison: Ms. Nicoletta showed *Home Alone* to a great group of Freshman and Seniors who attended. Though most of them had their screens off, they were very willing to chat with each other before and after the movie. Ms. Nicoletta even made them work for extra credit by asking them questions related to themes, symbolism, and metaphors evident throughout the movie. It was a great event!

Thank you Ms. Nicoletta for hosting and Ms. Kadison for your support in this!!! It is important for our students to continue to engage in activities that make JKO their home.
