Women's History Month commences March 1, 2021. Below is a brief history of this celebration.

Women's History Month 2021

Women's History Month is a celebration of women's contributions to history, culture and society and has been observed annually in the month of March in the United States since 1987. Women's History Month 2021 will take place from Monday, March 1- Wednesday, March 31, 2021.

Why Do We Celebrate Women's History Month?

Women's History Month is a dedicated month to reflect on the often-overlooked contributions of women to United States history. From Abigail Adams to Susan B. Anthony, Sojourner Truth to Rosa Parks, the timeline of women's history milestones stretches back to the founding of the United States.

The actual celebration of Women's History Month grew out of a weeklong celebration of women's contributions to culture, history and society organized by the school district of Sonoma, California, in 1978. Presentations were given at dozens of schools, hundreds of students participated in a "Real Woman" essay contest and a parade was held in downtown Santa Rosa

Did you know? To coincide with Women's History Month 2011, the White House issued a 50-year progress report on the status of women in the United States. It found that younger women are now more likely than their male counterparts to hold a college degree and that the number of men and women in the labor force has nearly equalized.

A few years later, the idea had caught on within communities, school districts and organizations across the country. In 1980, President Jimmy Carter issued the first presidential proclamation declaring the week of March 8 as National Women's History Week. The U.S. Congress followed suit the next year, passing a resolution establishing a national celebration. Six years later, the National Women's History Project successfully petitioned Congress to expand the event to the entire month of March.

International Women's Day

International Women's Day, a global celebration of the economic, political and social achievements of women, took place for the first time on March 8, 1911. Many countries around the world celebrate the holiday with demonstrations, educational initiatives and customs such as presenting women with gifts and flowers.

The United Nations has sponsored International Women's Day since 1975. When adopting its resolution on the observance of International Women's Day, the United Nations General Assembly cited the following reasons: "To recognize the fact that securing peace and social progress and the full enjoyment of human rights and fundamental freedoms require the active participation, equality and development of women; and to acknowledge the contribution of women to the strengthening of international peace and security."

WE MOURN TOGETHER

"I think the hardest part of losing someone, isn't having to say goodbye, but rather learning to live without them. Always trying to fill the void, the emptiness that's left inside your heart when they go."

Recently, the JKO family learned that we have lost one of our very own, Kleiberth Cardenas. He had been sick for a few years with leukemia and recently passed away. We will miss him dearly. The school community will find ways to honor his memory and celebrate his life.

We Will Miss You

"I am happy that I had the opportunity to be one of Kleiberth's counselors at JKO. I will always remember the twinkle in his eyes and beautiful smile. He was a leader among his friends, who did not have to speak loudly to gain attention from those around him. I enjoyed getting to know him throughout the past several years and our conversations about life and his goals. He will truly be missed by so many."

Ms. Vega-Beltran, Guidance Counselor

"I am so happy that I got to see him in the hospital with his mom last February & bring him the gigantic teddy bear I won from Smash Arts for Valentine's Day & a card from my class before the lockdown. He is now an angel with a smile on his face playing football since he wanted to become a football player. Klei was very quiet in class, but he was very talkative one on one especially if the conversation was about his favorite sport--football. He was always a gentleman with the nicest smile." **Mary Denisi, Business Teacher**

"I feel very lucky to have known Kleiberth since his freshman year. Although soft-spoken and reserved, Kleiberth's witty sense of humor, warmth and kindness always shone so brightly. He truly put a smile on my face each time I spoke with him, and I will miss hearing his thoughts on school topics and about life. He made everyone around him smile; he didn't have to be the loudest in the room to be the most heard. I am hoping that happy memories of Kleiberth hope to ease the pain of all those that knew and loved him." **Erika Hirsch, Speech Teacher**
